VOL. LXXIII. NUMBER 15

POWER OF A WINDSTORM is graphically illustrated by this view of an oak tree's split trunk which drove a branch through the roof and bedroom ceiling at the St. Ignatius Episcopal Church parsonage. The tree was broken by the 65 mph. winds which roared through Antioch and Lake County last week.

(Courtesy Antioch Photo Service)

Report Heavy Phone, Electric, Wind Damage

Many telephone and electric lines were broken in Lake County in last week's heavy windstorm.

Damage was particularly heavy in the Lakes region including Fox Lake, Lake Villa, Grayslake, Round Lake, Round Lake Beach, and Round Lake Park.

A. J. Devon, manager of the Illinois Bell Telephone branch office in Waukegan, estimated that over 1,000 telephones were out of order in this area following the storm. More than 200 telephones were out in the Waukegan-North Chicago city area.

Devon said that almost all of the lines were repaired by the following day.

Similar quick action was reported by Glenn Boyd, manager of the Public Service Co. branch office in this area.

Boyd reported that there were a great many isolated electrical blackouts, particularly in the Lake Villa and Fox Lake regions, caused by breakage of secondary lines.

The Public Service Co. manager said that although a few larger "feeder" lines were severed in the wind, there was no case where a whole community lost its electricity.

According to Boyd, his crews, including many called in from other areas, were on the job during the height of the storm and finished most of the repairs early the following morning after working around the clock.

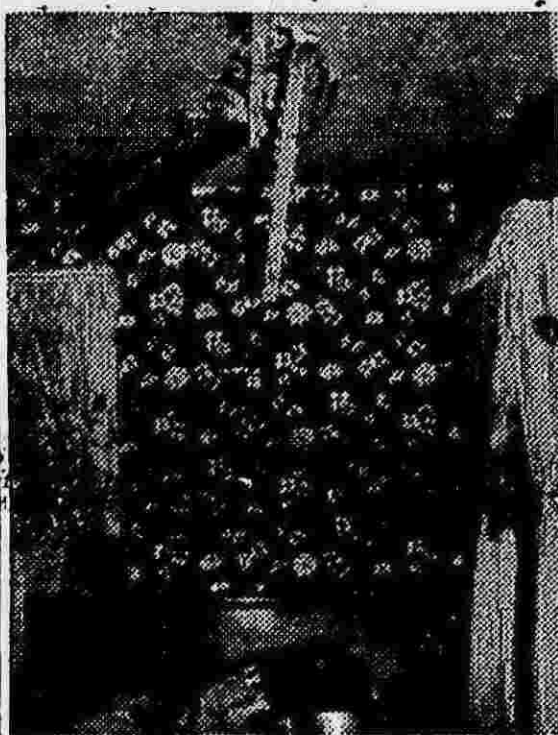

A minor blackout occurred in the downtown area of Waukegan the morning following the storm when a high wire burned loose after being weakened during the night.

Analyzing electric line reports, Boyd described the central storm area as having passed northeastward between Rte. 132 and 33rd street in Zion.

Both telephone lines and cables

and electrical power lines were damaged for the most part by falling trees and limbs, according to company reports.

In Waukegan, the greatest damage occurred at the Glen Flora

BRANCH JUTS through the bedroom ceiling of St. Ignatius Episcopal Church parsonage where Rev. Edmond Hood, his wife, and their baby daughter were sleeping during the storm.

Shopping Plaza where the loss is estimated up towards \$100,000.

Merchants there were bouncing back, though, by advertising a "tornado sale" last weekend.

Adult Clothing Class Begins at Salem HS

An adult class in clothing construction will begin at Salem Central High school next week with Miss Eileen Deetz as instructor. Enrollment will be at 7:30 p. m. on Thursday, Oct. 23.

Merchants Prepare For 'Harvest Sale'

Elect New Fire Dept. Officers

The Antioch Volunteer Fire Dept. re-elected its president L. R. Van-Patten at Tuesday night's meeting and selected a new slate of officers. The other officials are vice-president, Ray Toft, secretary Earl Pape, treasurer Irving Walsh, Sgt.-at-Arms Marvin Toepfer, and delegate to the Lake County Firemen's Assn. John Christensen.

Other plans discussed at the meeting include the visit of the Lake County Firemen's Assn. at Antioch Oct. 27.

It was announced that the fire department radio system had been completed with the addition of ten more receiving sets.

Antioch is one of the few volunteer departments in the county which is able to issue radio calls to all of its volunteer members.

Five new firemen attended their first meeting Tuesday. They are George Boyd, Alan Masopust, Jack Palmer, William Holt, and Frank Keuchenmeister.

A report for the fiscal year ending Oct. 1 listed 90 fire calls in the district. There were 20 calls in the village, 69 in the district, and one in a mutual aid effort at Trevor.

Seven building fires in Antioch and 21 in the district occurred during the year.

The property loss estimated for all fires was \$139,500. Damage within the village limits was estimated at \$47,700 of the total.

Firemen will host a boy scout group Friday. The scouts are preparing to undertake requirements for a merit badge in Firemanship.

The course is a rough one, judging by the material which will be presented.

Chamber to Hear Retail Expert At Fall Meeting

Members of the Antioch Chamber of Commerce attending the first fall meeting Oct. 20 at the Ruralite will be treated to a talk on salesmanship by one of the country's leading authorities and entertaining speakers on the subject says Bernard Osmond, chamber president.

He is C. E. Alexander, director of sales for Illinois Farm Supply Co., Chicago, which has a sales volume of more than \$66 million. He is a

(Continued on page eight)

Gifts and Decorations Mark Cooperative Effort

Antioch merchants will throw open their doors Friday at 9 a. m. to begin the Fall Festival Sale.

More than 20 local businessmen are cooperating under the retail merchants division of the Chamber of Commerce to add gifts and entertainment to the two day festival.

Pennants proclaiming the event have been strung along Main street through the village.

Individual shops are making ingenious use of pumpkins and fall leaf collections to decorate their windows in the "Harvest" motif selected for the sale.

A spokesman for the retail merchants division said that the purpose of the fall festival was "to bring before the people the fact that the Antioch shopping area offers a complete selection of quality goods in all types of products."

Offer Gift Certificates

An equal number of \$5 gift certificates will be given to local shoppers in drawings to be held Friday night and Saturday afternoon.

The first drawing will be at 8 p. m. Friday in the Lyons-Ryan Ford Garage.

The second drawing is scheduled for 4 p. m. in the Drije Chevrolet Garage.

Merchants participating in the sale will accept registrations for the drawings. No purchase is required to be included in the drawing.

Theatre Show for Kids

The gift certificates are being donated by the stores who are pushing the Fall Festival.

The State Bank of Antioch is offering a \$25 savings bond to be given to a lucky winner at each drawing.

Among other preparations for the festival is the Antioch Theatre's plan to run a continuous show for the children from 10 a. m. to 3 p. m. Saturday.

Co-chairmen of the retail merchants division of the Chamber of Commerce are Russell Barnstable and Mrs. Marion Pechousek.

The Chamber of Commerce hopes to make the Fall Festival an annual community event.

Mayor Murrill Cunningham said that "the Village is going along 100 per cent with the festival committee. The preparations so far look very good."

Driver Killed In Rte. 173 Auto Crash

Fatality Is 60th In Lake County

A motorist from Chicago was killed Sunday night on Rte. 173, west of Antioch, in a crash which literally tore his car apart.

John Charles Borel, 32, of 4344 N. Mobile street became Lake County's 60th fatality when his eastbound vehicle went out of control and smashed against a concrete-base sign at the Paul Chase Service station near Channel lake.

He was alone in the car. Sheriff's police had no immediate explanation why the auto apparently veered across the road and skidded more than 200 feet along the north shoulder into the sign.

The impact of the 1957 two door model car ripped the four by four by six foot sign from its base.

Front parts of the car were found scattered about the wrecked sign, the motor was torn free from the auto, and the main body of the vehicle had plummeted on past the sign into a field some eight feet below the road.

The Antioch rescue squad took Borel's body to the Strang Funeral Home, Antioch. (Further information will be found in the Death Notices located on an inside page of the Antioch News.)

Antioch Man Hurt In Rte. 83 Hit And Run Accident

Huel Ernst, 28, of 888 Main St. suffered a broken right leg when struck by a passing car on Rte. 83 near Pasadena Gardens.

The vehicle did not stop.

The injured man was given first aid by the Antioch rescue squad and then taken to Victory Memorial hospital.

Hospital authorities said that his condition was "fairly good" and that he was resting well Tuesday night.

Lake County Heating Gets Garage Job

A low bid of \$1,295 for the installation of a heating system in the city garage was accepted by the village board at a special meeting last Friday night.

The low bid was submitted by the Lake County Heating Co.

The heating contract includes the installation of a furnace, the construction of a chimney, and the duct work for heat distribution as well as all other required work for an operable system.

Only one bid was submitted to the village board at the regular village board meeting last week, and the reading of the bids was therefore put off until at least one other offer was submitted.

Inflation note: It's not so hard to make money these days. It's making a living that's so difficult.

Forest Preserve Advantages Outlined At Lion's Meeting

The advantages of a forest preserve district were outlined by Highland Park city attorney Stanley Grosshandler before the Monday meeting of the Antioch Lions Club.

Grosshandler, a member of the Lake County Planning Commission, spoke before a record Lions' gathering at the Norshore Resort.

A referendum to create a forest preserve district in Lake County will go before the voters Nov. 4.

Edmund Vos, the first president of the Antioch Lions, told the present Lion members of the early days of the club as part of the program

honoring all past presidents.

Loren Sexauer, chairman of the past presidents' night program, introduced other past presidents attending the meeting.

The Lioness night, an evening for the wives of Lions Club members, will be held Oct. 27. The second annual swimming pool benefit will be held Nov. 15.

Among the arguments cited by Grosshandler for the forest preserve district were the reduction of real estate taxes, conservation of wild life, and better planning of subdivisions.

Queen's Coronation, Village Parade Memorable Events at Homecoming

A shimmering crown placed upon the head of Homecoming Queen Elaine Christensen signified the completion of Antioch Township High School's two day celebration.

The Queen and her court were presented at the Coronation Dance Saturday night at the high school.

A gala parade wound its way through the village Saturday morning. More than 25 units, including floats, bands, decorated cars, and baton twirlers, filled out the fun-filled procession.

The high school sophomore class float, named "Harvest Grant," won first prize in the competition. The senior class float, "We Smoke 'Em No Peace Pipe," was second, and "Leaf 'Em Behind," the junior class production came in third. Each float depicted the homecoming theme of "Indian Summer."

Jack Dupre, Ron Serwa, and Diane Graczyk won prizes for student cars.

Winners in the business category were The Advertiser, Art's Paint Store, and Klass Men's Store.

The Women of the Moose was

awarded a prize for its "Indian Head."

The Coronation Dance featured Art Smejkal's orchestra.

Flowers were presented to the two members of the oldest graduation class present at the homecoming. Mrs. Fannie Yates of Antioch and Warren Sheehan of Lake Villa were those honored.

As customary, the youngest alumni were also singled out. They were Maureen Smith and Fred Fabry, members of the 1958 commencement class.

The Homecoming Queen, Elaine Christensen, is the daughter of Mr. and Mrs. Otto Christensen of State Line Road, Antioch. Her escort, who was named Homecoming King, was Russell Cote.

The ceremony took place about 10:30 p. m. before a large, hushed crowd in the gym. Last year's homecoming king, Elvin Meyer, placed the sequined "symbol of royalty" upon Elaine's flashing hair.

Cote was crowned by 1957 Homecoming Queen Gwen Royer.

"It was the happiest homecoming

I've ever had," the new Queen said after the evening was over. "I'm sure everyone enjoyed the dance as much as I did," she added.

Elaine has been active in many student activities. She is a member of the student council, a cheerleader, belongs to the Future Homemakers of America and the Girls' Athletic Assn., and has been named to the school honor society.

The members of their court were Kitty Saylor and William Dressel, Ione Cribb and Vincent Nauseda, all seniors; Carolyn Irvin and Richard Gudgeon, juniors; June Dressel and Charles Schuth, sophomores; and Carole Plotzke and Jerry Mathews, freshmen.

Earlier Saturday, the Sequoit gridders had been downed by Grant's Bulldogs. The frosh-sophs were also defeated.

A giant pep rally and bonfire was held Friday night, and a sock hop in the boys' gym completed the pregame exertions.

Many of those who attended the Coronation Dance said that it was one of the finest turnouts they could remember.

THE QUEEN AND HER COURT are joined by their escorts at the throne where the coronation ceremonies took place at Saturday night's homecoming dance. Elaine Christensen, a senior at ATHS, who lives on State Line Rd., was named queen of the 1958 homecoming. Her escort is Russell Cote. The other couples are (beginning at lower left and proceeding clockwise) Carolyn Irvin and her escort Dick Gudgeon; Kitty Saylor and Bill Dressel; Ione Cribb and Vince Nauseda; June Dressel and Charles Schuth; Carole Plotzke and Jerry Mathews.

Fall Festival Sale

In this nation's economy, businessmen and merchants compete with one another to win the consumer's approval. Naturally, the success of one man must affect others in his field who are vying for the same trade.

The benefits of this competition to the public is unquestionable.

But businessmen and merchants have common problems and common goals, and it is often wise that they should cooperate in the solutions and achievements.

The Fall Festival Sale to be held Friday and Saturday in Antioch is an example of this cooperation.

Wishing to prove that the local shopping area offers residents here a wider choice of quality materials for less money, the merchants have banded together under the auspices of the Chamber of Commerce.

They will jointly emphasize their finest selections at bargain prices on these two days. Good will and responsible service are important assets of local stores. The merchants' efforts to produce a festival atmosphere for the village by the addition of eye-catching colors in street and shop decorations and the contribution of gifts and prizes to the many special events scheduled is their means of indicating cooperation with the community as a whole.

Many communities similar to Antioch have institutionalized at least one sales festival each year.

In Oak Lawn, Ill., a suburb of Chicago, the "Western Round-up" put on every September has become known throughout the Midwest.

The skill and effort which goes into the Round-Up is regarded by the Oak Lawn public as only a sample of their merchants' day-by-day service.

The whole town joins in the preparations and enjoys the fun.

If this year's sale in Antioch can be the first step towards this kind of local community pride in its commerce, then festivals in succeeding years can become part of the village tradition rather than simply a "bargain day."

Many of the merchants here are doing a great deal of extra work for the festival. The directors of the event, Russell Barnstable and Mrs. Marion Pechousek, co-chairmen of the C of C retail merchant's division, have given their

"A newspaper that never spoke its own mind would not be, to our notion, much satisfaction to publish or read."

-A Weekly Newspaper Editor

time and talents without reservation. It is plainly up to the village to support its commerce. A big turnout for the Fall Festival is a solid step in the right direction.

Let's Make It A Race

State and county GOP candidates were in Antioch recently calling for another big Republican victory.

A full slate of election hopefuls were on hand at the end of a long, weary day of campaigning on the North Shore.

Arguments, slogans, and promises poured from the speakers' lips as they were ably marshalled to the rostrum by Republican Lake County central committeeman Robert Milton.

They were out to get every vote which is one reason why they consistently do receive a large majority in the balloting.

Where were the democrats? They have not appeared here. They have hardly been heard from anywhere in Lake County.

As a result, the democratic candidate for Congress in the 13th District is practically anonymous.

It is unquestionably true that voters here are traditionally Republican. But that tradition can only be set more firmly by the Democrats' apparent policy of conceding the election months before the poll date.

This is not a good thing. Whatever a person's political preference, he is cheated by the lack of a working two party system.

The Democrats have loudly complained that the newspaper and radio facilities give them no chance to get their message to the people. There is some truth in this, but the greater blame lies with that party's failure to provide publicity material and the events to justify its use.

The Antioch News has stated no political party preference, preferring to make choices for public office on the basis of personal honesty and ability.

The News will pledge equal coverage for Democratic campaign events if the party brings its candidates to this area.

At the same time, continued efforts by the Republicans will be duly noted in the news columns.

If the Democrats want to change the picture in Lake County, they must do it themselves.

The public would benefit from a more competitive political system in this area.

SOCIETY EVENTS

Little League Dance Scheduled At Moose Hall

The Antioch Little League dance will be held Friday in the Antioch Moose Hall. It will begin at 9 p.m. Music will be provided by the Skyliners.

The Little Leaguers invite their relatives, friends and neighbors to the festivities.

Antioch Artist Exhibits His Work At Waukegan Store

The work of an Antioch artist went on display this week at a Waukegan store.

The semi-abstract paintings and ink sketches of George H. Grunow are being shown at O'Dell's Jewelry Store, 129 N. Genesee St.

The collection includes scenes of the Korean War where Grunow served with the army in 1953 and 1954.

The artist, who has shown his works in many exhibits in this area and won a number of prizes, is a graduate of Antioch Township High School.

He moved here in 1943.

Antioch PTA Meets Monday

The monthly meeting of the Antioch PTA will be held Monday at 8 p.m. at the Antioch Grade School gym.

This PTA also includes parents of children attending the Oakland school.

Mr. William Sheehah, superintendent of schools at Deerfield, Ill., will be the guest. He will show films of his recent trip to Europe.

Refreshments will be served by the Seventh Grade room mothers, Mrs. Otto Hanks, Mrs. Emil Hallways, and Mrs. Walter Tammen.

Supt. Petty to Speak To Grass Lake PTA

County Superintendent of Schools W. C. Petty will be the speaker at a meeting next Monday, Oct. 20 at 8 p.m. of the Grass Lake School Parent Teacher Assn.

The meeting will be at the school. Supt. Petty will explain "The tax dollar and our school," to the members. All parents are invited.

WOMEN OF THE MOOSE

There were seven candidates successfully balloted on at the business meeting held at the Moose Home on Sept. 18. Five of the candidates were formally enrolled at the Chapter Night program on Oct. 9. The program was in the hands of Mooseheart Chairman Mrs. Keith Antes and her committee. The co-workers were well entertained by a movie, "Faith of Their Fathers." This film showed the religious training given to all children of Mooseheart in the faith in which they were born. The House of God was shown in detail and was very interesting to all present.

The five enrolled were Mesdames White, Esser, Warwick, Kondelik, and Reynolds. All the co-workers hope they enjoy their membership in their chapter.

The Senior Regent Mrs. Leslie Palmer expressed her thanks for the support given the chairmen to date on their fund raising projects. If this can continue for the remainder of the year we should have not only a successful year but also an enjoyable one.

CHILDREN SHARE THEIR TREATS

Children of Antioch who attend the Sunday School of the Antioch Methodist Church are learning a wonderful lesson in sharing. They are going to "Trick or Treat" on Thursday, Oct. 30, for coins instead of candy, gum, etc., and these coins will be sent, by way of UNICEF (United Nations Children's Fund), to needy children everywhere. The containers they will carry have been donated by the Willow Dale Dairy Co. of Antioch.

Started by one Sunday School class just eight short years ago, the idea has spread rapidly throughout the nation, until last year on Halloween, over two million American young people in more than 8,500 communities "Trick or Treated" for UNICEF.

Some examples of miracles wrought by these small coins are: 1c—provides the vaccine to protect a child from tuberculosis. 5c—provides the penicillin to cure a child of a crippling tropical disease called yaws. 10c—provides 50 glasses of nourishing milk—vital to growth.

At 7 p.m. on Halloween night, the Sunday School children will bring their collections to Wesley Hall in the church, where they will be given a party by their teachers. There will be games for various age groups and refreshments will be served.

MRS. MARY BRUSKI, leader of Girl Scout Troop 31, shown with some of the scouts who joined in a camp out at Grass Lake, where they held their first Court of Honor.

The girls are: Cheryl Folbrink, Jane Edwards, Paula Weiss and Susan Lindblad.

Former Pastor Here, Rev. Tuttle, To Be Honored Sunday

A former pastor of the Methodist Church in Antioch will be honored here Sunday night as he returns to the area on a visit.

He is the Rev. Richard Tuttle who with his wife are guests in the area on the weekend.

Members of the Evening Circle have planned a reception in Wesley hall Sunday from 6:30 to 9 p.m.

LITTLE LEAGUE DANCE BENEFIT

The Little Leaguers and Minor Leaguers invite all their relatives, friends and neighbors to attend the Little League Dance, which will be held at the Antioch Moose Hall on Friday, Oct. 17. Music by the Skyliners will begin at 9 p.m.

The boys, league officials and sponsors wish to take this opportunity to extend a hearty "Thank You" for everyone's interest and support in the successful season just past.

SALE OCTOBER 24

Remember the Rummage and Bakery Sale coming soon in Wesley Hall, Methodist Church, Antioch! Sponsored by Wesley Circle, the sale will be held Friday, October 24, from 9 a.m. to 6 p.m.

Anyone wishing to donate rummage may leave same at the church.

On Lake Forest Seminar Committee

Gretchen L. Biel, a junior at Lake Forest College is a member of the Student Seminar Committee which will present "Behind the Iron Curtain with Adlai E. Stevenson," a talk by a Lake Forest couple.

Miss Biel, a daughter of Mr. and Mrs. Louis A. Biel of Antioch Rt. 4, serves on the committee with an Indiana resident and another Illinois student.

The talk will be in the form of an informal discussion with a group of students and faculty. It will be held on Thursday, Oct. 23.

Club Ladies Will Hear Congresswoman Church

Members of the Antioch Woman's Club will be privileged to hear the Hon. Marguerite Stitt Church when they meet at the Scout House at 1:30 p.m. Monday. Mrs. Church, Congresswoman from the 13th Congressional District, will speak on Foreign Affairs.

Hostesses for this meeting include Mrs. W. C. Petty, chairman, Mrs. Frank Pechousek, Mrs. C. W. Pflager, Mrs. William Rosing, Mrs. Loren Sexauer, Mrs. D. S. Boyer, Mrs. E. J. Sletten, Mrs. Ann Kopriva, Mrs. William Meyer and Mrs. Donald Chiappetta.

Mr. and Mrs. Edward Frazier and daughters, Carol and Kathy, returned home recently after a week's trip through New Salem and Springfield, Ill., Hannibal, Mo., and into Iowa.

Antioch O. E. S. Observes Past Officers Night

Antioch chapter, Order of the Eastern Star, observed past officers night, Thursday evening at the Masonic Temple. Mr. and Mrs. Robert Pincombe, worthy matron and worthy patron of Antioch chapter, opened the meeting.

Guest officers for the evening were: Helen Luedtke, worthy matron, and Clarence Larson, worthy patron; Dorothea Farm, associate matron and Harold Wilson, associate patron; Emil Kirschbaum, treasurer, Selma Trieger, secretary, Rosalind Keating, conductress, and Martha Hunter, associate conductress.

Elsie Hays, organist, Leslie Heath, marshal; Barbara Wilson, guest of honor; Edith Elms, Adah; May Bereiter, Ruth; Patricia Polsgrove, Esther; Margaret Gaston, Martha, and Esther Wilton, Electa.

Theodora Kutz, Warder, Harold Klevens, sentinel; Clara Westlake, chaplain; and William Bereiter, flag bearer.

Worthy Matron, Margaret Pincombe was presented with a shower of handkerchiefs in observance of her birthday anniversary. Following the meeting lunch was served in the dining room.

Antioch Student Paula Zeien Pledges Sorority at Beloit

Paula Zeien, a daughter of Mr. and Mrs. Nicholas P. Zeien of RR 3, Channel Lake, Antioch, was recently pledged to Kappa Delta sorority at Beloit College.

A graduate of Antioch High school, Miss Zeien was a member of National Honor Society, editor of the school newspaper, secretary of the student council, sophomore class president and junior class treasurer. She is now a freshman at Beloit.

LORUSSO GRADUATES FROM MARINE SCHOOL

Camp Pendleton, Calif. (FHTNC) — Marine Pfc. Bernard Lorusso, son of Mr. and Mrs. Joseph Lorusso of Route 4, Box 507, Antioch, Ill., graduated Sept. 26 from the First Marine Division's Atomic Biological and Chemical Warfare School at Camp Pendleton, Calif.

Instruction included practical field work as well as classroom sessions and teaches Marines the basic defense against atomic, biological and chemical warfare attack.

The Antioch News and Lakes Theatre invite William B. Leng, Route 2, Box 565, Lake Villa, and one to attend Saturday or Sunday's showing of "And God Created Woman".

SCOUT MOTHERS FORM AUXILIARY

The first regular meeting of the Mothers Club Auxiliary of Troop 92 was held last Thursday in the scout house. Future activities of

this new organization were discussed and many plans were made.

Meetings will be held on the second Thursday of the month and all mothers of scouts of Troop 92 are urged to attend.

Decorator's Notebook

—by Alicia Joyce—

Veneer Makes Fine Furniture

In spite of the fact that the art of veneering has been practiced since the early Egyptians, one still hears the question asked, "Is veneered furniture as good as solid furniture?" The facts given here dispell the basis for this question.

In many respects veneered furniture is better. In fact, most of the finest and most expensive furniture today is made of veneered veneers just as it was in the past. Furniture made of veneered panels is sometimes referred to as plywood or bonded construction.

Plywood is actually a hardwood sandwich, consisting of five, seven, or some odd number of layers. The center, or core, of the sandwich is of solid lumber (or similar rigid core stock). In the case of a 5-ply panel, a sheet of veneer from a strong but not necessarily beautiful hardwood is placed on each side of the inner core. These sheets of veneer are known as "cross-banding." Finally, a face covering—a veneer of a fine and beautiful cabinetwood—and a back veneer are placed over both cross-band layers. The direction of the grain in each layer is always at right angles to that of the adjacent layer, as indicated by the arrows in the above photo.

Between each of these layers, as they are assembled, is spread a scientifically perfected modern adhesive. Then the entire "sandwich" (5 layers with adhesive between them) is placed in a modern high pressure press where, because of the efficiency of the adhesive, the five layers are permanently laminated, or bonded, together. As a matter of fact, modern adhesives weld together the layers of veneer and lumber core so indestructibly that under several stresses the wood itself will break long before the adhesive will give away. These modern adhesives insure against blistering or splitting. For all practical purposes the resulting panel is just as "strong" as solid wood with several additional important advantages.

This cross-ply construction of plywood properly distributes the strength properties of wood, especially for large, flat surfaces. Tests prove that pound for pound, hardwood plywood is stronger than steel. Also because of the cross-ply principle, hardwood plywood is highly resistant to warpage and dimension changes.

Inasmuch as only the outer layer, or face veneer, is exposed, veneering makes furniture with rare and beautiful hardwood surfaces available at relatively low cost. By arranging and matching fine wood figures to form the faces of plywood panels, various decorative patterns and designs can be incorporated to form beautiful furniture fronts, tops, etc.

Let your own good taste decide the choice between veneered or solid furniture, but have no fear of the durability, stability, and lasting beauty of veneered construction.

Twin Lakes Girl Is Midwest Skate Queen, Will Compete Nationally

Judges chose Brenda Regina Cudzik of Twin Lakes, Wis., to represent the midwest at the National Skate Queen contest at Miami, Fla., on Nov. 17-19. She won over eight other contestants at the Rollin Wheels Roller Rink at Twin Lakes last Sunday and will be crowned at ceremonies next Sunday.

According to Mrs. William Dunn, of the Rollin Wheels Rink, the local contest is the wind-up of nine-months of skating competition. It is the first time the midwest will have a representative at the national contest.

The winner is a daughter of Mr. and Mrs. Walter J. Cudzik of Twin Lakes, and is a 19-year-old student at the University of Illinois where she is active in many student activities.

She has studied dancing of all types for almost ten years and is active in almost every type of participation sport.

Mrs. Dunn said that judges looked for poise and personality as well as skating ability at the contest. "They noticed she had beautiful hands at the interview and this was just one of the deciding factors in choosing Miss Cudzik," she added.

A capacity crowd of more than 300 persons attended the skating finals, Mrs. Dunn said. Judges were Kaye Ross, Miss Wisconsin of 1958 and a Miss America finalist; Harold Bodl, Kenosha juvenile judge; Elaine Edwards, woman's editor of the Kenosha Evening News; Mrs. Royce Gallagher of the Burlington Standard and Earl Sloeter, principal of Wheatland Consolidated School. Honorary judges included William Caddock, Dr. S. C. Mayer, president of the Twin Lakes Business Assn.; Edward Walsh, commander of the Twin Lakes Post No. 544, American Legion.

Winner of the national title will receive a college scholarship to the school of her choice, and a gold cup from the Roller Skating Foundation of America. Screen and talent tests also will follow. The national contest is sponsored by the national foundation, Chicago Roller Skate Co., and Pepsi-Cola Co.

Runners-up at Twin Lakes were: Nancy Lee Chvojka and Carol Jan Phipps. Twin Lakes Village President William Paddock will crown Miss Cudzik.

IT WAS HARD TO choose a single queen from these nine skating queens but judges did select Brenda Regina Cudzik, fourth from left. She will represent the midwest in a contest to choose the national roller skating queen at Miami, Fla., next month. Others are, from left: Carol Jan Phipps, Twin Lakes; Joan Ehlen, Genoa City; Barbara Sutcliffe, Twin Lakes; Miss Cudzik, Twin Lakes; Diana Muzillo, Salem; Nancy Lee Chvojka, Twin Lakes; Arlene Azukus, Twin Lakes; Juanita Schwartz, Silver Lake and Irene Radloff, Burlington.

LV to Tighten Auto Sticker Law Oct. 25

Lake Villa police have set Oct. 25 as the date after which they will strictly enforce the ordinance which requires local motorists to purchase a village vehicle sticker.

Tickets will be issued to offenders after that date.

Vehicle tags may be purchased from the village clerk at Reid's Feed Store for \$3.

Parking restrictions have been tightened in front of the Lake Villa grade school and on Cedar avenue between Grand avenue and the Soo Line railroad tracks.

Parking will be prohibited on both sides of Grand avenue in front of the school from 8 to 4:30 p.m. on weekdays.

A limit of two hour parking will be imposed on Cedar avenue between 8 and 6 p.m. and one hour parking only will be permitted between 1 a.m. and 6 a.m.

K. of C. Makes Donations From Carnival Profits

A carnival report received last week by the St. Peter of Antioch Council 3800, Knights of Columbus, showed that a substantial profit was realized in the council's first effort of this nature.

The following donations were to be made by the Council: St. Peter's Church CYO group, \$50 for recreational purposes; the Prince of Peace Church CYO group, \$50 for recreational purposes.

A basket ball board and hoop will be purchased for \$150 to be placed on St. Peter's playground by members of the Council.

A substantial donation was made to the Newman Foundation sponsored by the Knights of Columbus at the University of Illinois.

C. of C. To Meet At Ruralite Monday

The Antioch Chamber of Commerce will hold its regular meeting this Monday at the Ruralite Restaurant. The dinner and program will get underway at 7:30 p.m.

The principal speaker will be C. E. Alexander, Illinois Corporation Sales Director.

The Fox Lake, and Antioch Chamber of Commerce outing was reported as a big success. More than sixty persons from Antioch were present for the recent affair.

Motor vehicle accidents take the lives of a person every 14 minutes, according to the National Safety Council. One person is injured in a motor vehicle mishap every 23 seconds.

Best Gift For Servicemen Overseas Would Be "Christmas at Home"

The odds on choice of servicemen overseas is—to be at home. Short of that ideal gift, they have told American Red Cross field directors, they would like to have home-made foods, family photos, recordings of family gatherings, hometown papers, and above all else, more mail.

The Post Office and Defense departments have advised that Christmas parcels should be mailed between Nov. 1 and Nov. 20 for delivery by surface mail (ship) to servicemen overseas, and by Dec. 10 for delivery by air mail.

A majority of the servicemen and women and their dependents queried in the annual survey said they could buy most of the traditional gift items in their post exchanges or ships stores. Many state that the best possible gift would be a promise from the folks at home to write regularly throughout the year.

Servicemen and women ask that their families and friends use air mail for all letters and Christmas cards, because it takes surface mail up to 40 days to reach such faraway places as Turkey, Korea and Formosa.

Carnival Helpers Invited To Legion Social Night

Legion members of Antioch Post 748 have invited all members, their wives and friends who assisted at the annual carnival last summer to attend for the evening and be entertained Thursday at a social night.

The post closed its books in September for the 1958 collection of Legion dues and reported on a total of 146 paid up members.

Legion dues for 1959 are now being collected on renewals and new members. The total paid up is 80.

The post officers will campaign for the balance of 1958 in order to bring the total membership up to 200.

An invitation is extended to all veterans of World War I, World War II, and the Korean conflict to join the local post.

The Post this week made a purchase of a television set to be used at any hospital where members of the post are patients. The first patient to receive the use of the television set is Albert Shepard, who is a patient at the Lake County TB hospital.

Card of Thanks

I wish to thank all my friends and neighbors for cards and gifts sent me while I was in the hospital.

Stella Franklin

Chest Fund Drive Wed. and Thurs. At Paddock Lake

Community Chest solicitations in Paddock Lake will be held Wednesday and Thursday afternoon with members of the Salem Central Schoolmasters Club canvassing the community.

The club members have volunteered their services to aid the local Kenosha County committee according to E. N. Brice, president. Seventeen members will participate.

As the election campaigns gather momentum, many candidates are standing up for anything voters will fall for.—Changing Times.

Old Time Dance Club Opens 22nd Season Saturday

The Old Time Dance Club of Antioch will open its 22nd season this Saturday at the Legion Home with Bessie Barnes' Music and James Adams as caller.

Membership in the club is 65 couples. Any couple wishing to join may feel free to attend the party on Saturday night.

The dance party will run through the winter season with two dances each month on the following schedule: Nov. 8 and 22; Dec. 13 and 31; January 10 and 24; February 14 and 28; March 14 and 28; April 11.

Officers of the club are: Mr. and Mrs. John L. Horan, president; Mr. and Mrs. Phil Haass, treasurer; and Mr. and Mrs. Homer White, secretary.

The American Foundation for the Blind has a new long-playing record with a playing time of six hours instead of the usual 54 minutes. It revolves at a speed of 8 1/2 revolutions per minute. This new development makes it possible to record an entire Talking Book for the Blind on two double-faced records instead of the usual twelve or thirteen.

But Daddy, why didn't Li'l Bo Beep advertise for her lost sheep in the Antioch News Lost and Found?

DEATH NOTICES

Charles Soper

Services were held at 10 a. m. Wednesday in Berwyn, Ill., for Charles Soper, of 2nd Ave., California Subd., Antioch. Interment

was in Woodlawn Cemetery.

Mr. Soper, who died Sunday night, Oct. 12, is survived by his widow, Anna, and a son, Charles.

John Charles Borel

John Charles Borel, 32, of 4344 N. Mobile St., Chicago, was killed in an auto accident Sunday evening on Rte. 173, west of Antioch.

Mr. Borel was returning from the Hunter Golf Club in Richmond where it was his custom to play golf. He had been a frequent visitor to this area since childhood.

Born June 11, 1926, in Chicago, Mr. Borel was a carpenter by trade. A coroner's jury was sworn in Monday at the Strang Funeral Home, Antioch.

Survivors include his wife, Frances; two sons, John III and Ronald; his parents, Mr. and Mrs. John Borel, Sr.; three brothers and a sister.

Services will be held at 1 p. m. Thursday in the Meisner Funeral Home, 5620 W. Irving Park Rd. Burial will be in Mt. Olive Cemetery.

Sunday morning services at Millburn Congregational Church, Oct. 19, at 10 a. m. Missionary Sunday for the Sunday School will be at the morning service at 10 a. m.

One hundred and sixty reservations were made for the dinner held at the Masonic temple last Thursday when delegates from sixty churches of the Congregational Association met at the church.

Mrs. Christina Hapke, a former Millburn resident, passed away Friday morning at St. Therese hospital, Waukegan. She had been a member of the Ladies' Aid and the Couples Club and also had been a member of the Millburn Unit of Home Bureau.

Funeral services were held Monday morning at St. Andrew's church in Grayslake.

The Study Group will meet Thursday, Oct. 23 at 9 a. m. at the home of Mrs. Charles Lucas.

A very good crowd attended the first meeting of the P. T. A. last Tuesday evening held at the Millburn Grade school. A circular discussion Pro and Con of the Red School House. Mrs. Edward Hoffman was program chairman. On the refreshment committee were Mr. and Mrs. Chalmers Wooley, Mr. and Mrs. Don Truax and Mrs. Lyman Bonner.

Susan and Pamela Hauser of Beech spent Saturday with their grandparents, Mr. and Mrs. Frank Hauser.

Mr. and Mrs. James Bonner and children of Kansasville called on their mother, Mrs. Harley Clark, Sunday afternoon.

Mr. and Mrs. John Kelly of Berwyn, Ill., spent Saturday afternoon and evening at the Garrett Trout home.

John Edwards of Libertyville called on his mother, Mrs. Frank Edwards, Saturday.

Mr. and Mrs. William Paulsen and children spent Sunday afternoon and evening with Mr. and Mrs. Clifford Jahn at Batavia, Ill.

Mrs. Eva Ailing and Mrs. Linnie Cantrell of Waukegan were callers at the home of Mrs. Frank Edwards Sunday afternoon.

Mr. and Mrs. Reuben Squires and children, Joanne, Janet and David, of Lake Delton, Wis., spent from Tuesday until Saturday at the home of Mr. and Mrs. Garrett Trout.

Mr. and Mrs. Clayton Engh and daughters of Wadsworth called on their mother, Mrs. Harley Clark, Sunday evening.

Mr. and Mrs. Leslie Bonner returned Sunday evening from a week's vacation. They took a trip to the Smokies and to Chattanooga, and visited their daughter and family, Mr. and Mrs. Howard Petty at Urbana.

Mr. and Mrs. Glen Cain of Waukegan called on Joseph Strohal Sunday afternoon.

Dean Squires of Miami, Fla., was an overnight guest at the home of Mr. and Mrs. Garrett Trout Monday evening.

Mrs. May Lucas and son, Walter, of Hastings road spent Saturday at the Charles Lucas home.

The Men's Club met at the church Monday evening.

Mr. and Mrs. Charles Lucas were dinner guests of Mr. and Mrs. Lester Lucas of Waukegan, Monday.

IMPROVED HEALTH STANDARDS EXTEND HUMAN LIFE SPAN

A couple's chances of reaching a golden wedding anniversary have more than doubled since 1900, Health Information Foundation reports. About 150,000 couples now celebrate a golden anniversary each year, and another 750,000 have already had theirs.

Improved health standards have been a major stabilizing influence on marriage and the family in recent years, according to Health Information Foundation. Because of declining death rates, the average parent today has a much better chance of living to see his children grow up; fewer children die; orphanhood has largely disappeared as a social problem.

The number of orphans has dropped from 6.4 million in 1920 to 2.7 million, says the Foundation. Yet the child population has risen from 39 to 60 million in that time.

A typical child born today has 25 chances in 1,000 of losing his mother by death before he reaches 18 and 57 chances in 1,000 of losing his father. Fewer than one out of every thousand children in the country nowadays has lost both parents.

With a population of 382,000,000 parliamentary democracy and has an average population of 312 people per square mile. The United States, the world's second largest democracy, has a population of 172,000,000 with a population density of 56 people to the square mile.

THE GREAT ATLANTIC & PACIFIC TEA COMPANY

Super Markets

DEPENDABLE FOOD RETAILERS SINCE 1859

All Prices Effective Through October 18th

'Favorite Recipe' Feature Begins Today in Your News

Ever heard of divinity fudge candy? That's one of the favorite recipes of Mrs. Marlene Major, wife of the manager of Antioch's A&P Supermarket. She submits it first in the weekly Antioch News favorite foods recipe feature.

DIVINITY FUDGE

3 cups sugar
1/2 cup water
1/4 teaspoon salt
3/4 cup Karo white syrup
2 egg whites
3/4 cup chopped nuts
1 teaspoon vanilla

Combine syrup, water, salt, and sugar; boil until it spins a thread when dropped from spoon. Beat egg whites stiff and gradually beat syrup mixture into stiff egg whites. Beat until it begins to stiffen. Add vanilla and nuts and beat stiff enough to drop by spoonfuls on wax paper.

Mrs. Major reports that this delicious dish is a favorite with her two daughters and she says there hasn't been a failure yet. With Halloween, Thanksgiving and Christmas coming up, this dish may be a treat for many gatherings in your home.

Prizes to Wife Whose Recipe Printed in News

Sure, you have a favorite recipe. Let's tell the other 2,200 wives in the lakes region about it and win a prize just for sharing.

Beginning next week, the Antioch News will give the cook whose favorite recipe is chosen, a choice of Styline Cutlery Set or a Styline Steakster set. Either prize you choose will be most welcome in your home.

So, let's have your favorite recipe. It doesn't have to be an exotic dish—but just something you think other housewives in this area would enjoy cooking and serving.

Just send your recipe to the Food Editor, Antioch News, Antioch, Ill. Include any information about the food, served at any special occasions, special suggestions for serving, and some information about your family. We'd like a picture of yourself also if you have one handy.

Circular Wobble Of Earth's Poles Does Cause Ocean Tides

LOS ANGELES—An 80-year-old theory that the circular wobble of the earth's poles causes small ocean tides has been confirmed with the aid of high-speed computers.

In the 1870's, Lord Kelvin, a famed British scientist, suggested the earth's poles moved in a rough circle, approximately 16 feet in diameter, within a 14-month period. From this, he postulated that the polar motion, called "free nutation" and akin to the wobbly motion of a spinning top, should create its own ocean tides.

Proof of this theory had never been attempted, largely because of the staggering amount of mathematical computations required.

One scientist long interested in this theory has been Dr. Walter M. Munk, professor of geophysics at the University of California Scripps Institution of Oceanography and the UCLA Institute of Geophysics. Joined by Richard Haubrich, graduate student in geophysics, he collected data for the last 100 years from each of the 11 tide stations in Europe, South America, the United States and in the Indian Ocean.

Dr. Munk and Haubrich took their carload of data to the Numerical Analysis Research center at UCLA for preliminary work and then fed the raw material into an aircraft company's high-speed computer, which clicked off the necessary 250,000,000 mathematical computations within one-and-one-half hours.

Interpreting the computed data, the two geophysicists proved the existence of a polar-created tide, independent of the tides caused by the sun or moon.

Air Conditioning Good For Health

CHICAGO—Air conditioning—custom tailored climate—means much more than mere cooling. Properly used, air conditioning implies year-round modification of humidity, air currents, and dust

Executives Shown Healthy As Anybody

CHICAGO—Being an executive doesn't necessarily mean that you have high blood pressure or hardening of the arteries.

In fact, a recent five-year study of more than 2,000 individuals showed that executives had less hypertension and arteriosclerosis than did nonexecutive office workers of comparable sex, age and work environment.

The authors defined an executive as a person dealing with policy formation and implementation. The 1,171 male executives studied ranged from "top executives" (board directors, corporate officers, etc.) to "minor executives" (division heads, auditors, and others).

Of the executives, 12.3 per cent had some type of high blood pressure, as did 15 per cent of the male nonexecutives over 40 years of age.

Bifocal Lenses Check Myopia In Children

CHICAGO—Bifocal lenses appear to be capable of checking the progress of myopia, or nearsightedness, in many of the children who are suffering from a very rapid increase in this visual error, the Better Vision Institute says.

In a study of ten children who wore bifocals, six showed a prompt and sustained decrease in the progression of their myopia. When one patient went without the bifocals for four months there was an increase of 1.25 diopters, but no further increase was observed after he took up bifocals again. These results contrasted with decreased myopia progression before the age of 13 in only seven out of 50 comparable children who didn't wear bifocals.

Soft Landing

BOWLING GREEN, Ky.—Safe-crackers who visited a furniture store here apparently "cased" the job well in advance.

Police said the intruders robbed the office safe of the Kirtley Furniture Company of \$200, after dropping through the roof of the building to a soft landing on a stack of mattresses.

Bus Ride

HARLAN, Ky.—State police anticipated a transportation problem when they raided a cafe at nearby Clutts, Ky., so they chartered a transport bus to haul 23 men and five women to county jail here.

The cafe manager, who had opened only the day before, was charged with possession of alcoholic beverages for sale in dry territory.

content of air as well as combating cold or heat, said an article in Today's Health.

According to the author J. C. Furnas, air conditioning "rescues" hay fever sufferers from airborne pollen and keeps heart patients at recommended, even moderate temperatures.

It can, he said, "be distinctly 'good' for the healthiest... because it takes much of the curse off the bullying heat and smothering humidity of our temper-gnawing, energy-sapping summers."

In order to derive the full benefits from air conditioners, people must learn to keep windows and doors shut, the author said. The air conditioner is designed on the assumption that it alone will be processing your indoor climate. "It needs no amateur help," he said.

Kadettes, VFW Drill Team at L. Villa Plans TV, Host of Other Appearances

Television performances and many midwest shows are in store for the newly formed Lake Villa VFW drill team, the Kadettes. Its first public appearance was in the Antioch High School Homecoming parade last Saturday.

The team is composed of girls between the ages of 9-12 and is directed by the world's champion batonist, Miss Alice Shea of Waukegan. Membership now numbers 25 but will be increased to 40. Girls who wish to join may find more details by calling Mrs. Connie Schneider, Elliot 8-1801.

The drill team is being sponsored by the Lake Villa Memorial Post 4308 of the Veterans of Foreign Wars and its auxiliary. According to Elmer Kasting, commander, the appearance of the drill team received many compliments at the Antioch parade. The Lake Villa VFW post, auxiliary and color guard were the only flags in the parade.

"We of the post and auxiliary feel very fortunate to get an instructor with the outstanding record of Miss Shea," Commander Kasting said. Besides the world baton title which she won in Pittsburgh, Miss Shea holds the national championship and for 10 years she has been the state VFW champion. In addition, she holds 275 medals and over 100 trophies for her baton abilities and has appeared on many national TV shows including the Ed Sullivan and Dave Garraway programs.

The drill team meets each Tuesday at the VFW hall at Lake Villa at 6:30 p.m. for training. Next appearances of the Kadettes will be on a Chicago TV station, then will go to the state VFW convention and to other Chicago parades. It also will be entered in the Illinois State Fair and the Milwaukee Spectacle of Music, says Commander Kasting.

Milk To Chicago Delivery Payments Rise in September

Dairy farmers of four states delivering milk to Chicago under Federal Order 41 will receive a blended price of \$3.66 per cwt. of 3.5 per cent milk delivered to dealers' plants within the 55-to 70-mile zone during September, according to Harry L. Edwards, Director of Sales for Pure Milk Association. The butterfat differential is 7.2 cents per point.

The \$3.66 price includes an additional payment of 9 cents per cwt. resulting from the agreement negotiated with the Chicago milk dealers by Pure Milk Association last February.

By coincidence, the September price is also 9 cents per cwt. higher than the price for August milk delivered to the Chicago market.

This combination of increased sales and the superpool premium have temporarily countered the effect of reduced support prices and the increase in production over September a year ago.

Milk production in October is showing a gradual rise as producers are completing the second month of a three-month base-making period provided in Order 41, Edwards said.

Production per herd in the area near Chicago appears to be running about 8 per cent above October 1957, he added.

Chamber to Hear.....

(continued from page 1)

native Illinoisan and lives in Naperville.

According to Osmond, area retailers might expect to hear some of their own mistakes of that day when they attend the meeting. It is a

C. E. Alexander

practice of Alexander to make a tour of retail firms the day he speaks and usually startles his listeners with stories and anecdotes of that day's business.

The full membership of the Chamber is invited to this meeting along with guests of members, Osmond said. The meeting will begin at 7:30 p.m.

For quick results, place a want ad by calling 43 or 44.

Local IGA Store Wins State Honor For Sales Mark

Proof that hard work pays off was shown by the Independent Grocers Alliance last month when it awarded Gardner Mallory, owner of the Antioch IGA Foodliner, a watch and plaque for having the most sales per square foot of floor space of any IGA store in Illinois. The award period is for the sales of the past year.

The store, located on Rts. 173 and 59, has 4,000 square feet of floor space. Originally it was one of the larger in IGA design but now it rates as one of the smaller stores, Mallory said.

In being named winner of the state competition, Mallory now is automatically considered for a national title in the same category.

The award was made at a headquarters staff meeting, where plans for sales for the coming year were made. Don R. Grimes, president of the IGA system, Chicago, presided and made the award to Mallory.

PARENTS OF SON

Mr. and Mrs. Roy W. Nelson of Antioch are the parents of a son, "Eric Werner," who was born Wednesday at St. Therese Hospital in Waukegan. The Nelsons have three other children, Steven, Marie and Diana.

M AND R LUNCHEON

The Martha Circle of the new Lake Villa Community Methodist Church, on McKinley Ave., is giving an M and R Luncheon at 1 o'clock on Wednesday, Oct. 22. The public is invited to attend.

Laura Bridgman, born in 1829, in Hanover, New Hampshire, was the first deaf-blind person to be educated to lead a full productive life, according to the American Foundation for the Blind. She attended Perkins School for the Blind near Boston.

The Lord is my helper: I will not fear what man shall do to me.—(Hebrews 13, 6.)

When we know, in the completeness of our faith, that the Lord is beside us every minute of every hour, ready to help us in all things that are right and good, we find courage and strength beyond imagining, to win over evil and despair. How wonderful is the firm conviction that we are not alone—that He is ever with us!

Facial Pain Is Held Most Agonizing Of All

CHICAGO—The reasons for facial pain being "perhaps the most agonizing of all afflictions" are given by a Georgia doctor.

There is a reasonable physical reason for severe suffering from facial pain. The "cephalic end of man has been blessed with the highest degree" of nervous development.

Also the head and face command more attention than other parts of the body, Dr. George W. Smith, Augusta, Ga., says. Awareness of others scrutinizing his face magnifies all sensations, he says.

BECOMES MEMBER OF BETA OMICRON

Mount Vernon, Iowa—Fred Libert, son of Mr. and Mrs. Fred Libert, Channel Lake, recently became a member of the Beta Omicron men's social group at Cornell College.

Libert, a sophomore, was among 55 students who pledged one of the six men's social organizations at the college.

The Antioch News and Antioch Theatre invite Shirley Drucks, Route 1, Petite Lake Highwood, Lake Villa, and one to attend Friday, Saturday or Sunday's showing of "Cat on a Hot Tin Roof."

Four Aces won all three games from Pete's Cities Service.

Golf View Motel took all three games from Wally's Channel Inn.

Nick's Shell Service beat Old Orchard Inn all three games.

(continued on page 12)

8,000 Mudhens, Ducks Reported On Grass Lake

Cold feet and sleep-filled eyes will be forgotten one half hour before sun rise Saturday when the duck hunting season in Lake County officially opens.

Activity here will center around Grass Lake.

Charles Haling, owner of Haling's Resort on Grass lake, said this week that about 8,000 Canadian mudhens were on the lake and would stay there unless stormy weather from the northwest drives them away.

"I expect good shooting for every-

body opening day," he predicted. In previous years, there have been 1,500 to 2,000 hunters, and Haling, who rents boats, says he expects a good turnout from all over the state this year on opening day.

There are about 3,000 ducks and mallards on the lake, but the large crowds make this difficult game to bag.

The season runs until Dec. 26.

There are 45 private blinds on the lake. The rest of the hunters shoot from boats.

Most hunters will be able to bring in the limit of ten mudhens, according to Haling. The limit on ducks is four a day and eight in possession.

A report of 100 geese in Jackson's Bay on the west shore of Grass Lake was received this week.

Good hunting is expected on Fox Lake, Channel Lake, Lake Marie, Lake Catherine, and Pistakee Lake later in the season. The lack of vegetation there usually prevents large numbers of ducks from set-

ting on these lakes before November.

Bluebill, Ringbill, Redhead, and Canvasbacks are expected on the lakes later in the season.

Shooting from boats is limited to the first two weeks of the season.

A duck stamp costing \$2 is required in addition to the \$3 hunting license.

Squirrel and dove hunting is already underway. Squirrel hunting is over Oct. 31 and the dove hunting season ends Nov. 1.

The pheasant season begins November 11.

Deer hunting with a bow and arrow is in season now and the best areas are in Winnebago Park near Rockford and in various Wisconsin locations.

The gun season for deer is Oct. 31 to Nov. 4.

Hunting licenses may be purchased from village clerks and in many sporting goods stores in this area.

A conservation authority wished hunters good luck in the season, and urged that they take special precautions in handling their firearms.

Sequoits Beaten By Bulldogs 26-12

Shift Lineup
For Sat. Tilt
With Bears

Antioch plays Ela-Vernon's Bears this Saturday at 8:30 p. m. on the home field, and Coach Robert Walther has announced some probable lineup and strategy changes to combat the Bears' short passes and line plunges.

Chris Davis and Bob Wozniak, if he shows promise during this week's practice, may take over the defensive end positions in a five man line to be employed against Ela-Vernon.

Two fast men will be needed to offset the difficulties in weight of a short line.

Some offensive line changes are also probable. Bob Martin and Wes Merryman may go to the tackle slots and Chip Eberman and Jim Portalski, converted backs, to the ends in an effort to get some mobile blockers—so much lacking in last week's loss to Grant.

Walther estimates Ela-Vernon as a strong passing team within 20 yards. They usually hit the middle rather than go around the ends in their ground game.

The defense to cope with this, Walther said, may be a 5-4-2 (providing strong linebacking to combat T formation bucks and short passes).

Advance reports indicate that the Bears use a cross buck series, a belly series, and a tight T or slot T formation.

Dick Wolf may get the starting quarterback assignment based on his strong performance last week. Russell Cote will see plenty of action however.

Bill Dressel is definitely lost for this week's encounter. He injured his wrist although x-rays have not located a break.

Wilmot Loses
33 to 19 To
Elkhorn Team

There were brief thoughts of a stunning upset as Wilmot led the top ranking Elkhorn footballers 13-7 in the second quarter of their Friday night contest.

Instead, Elkhorn marched steadily to a final 33-19 win after a stimulating 82-yard kickoff return. Ron Piersall knotted the score before the end of the half.

After Elkhorn's opening 60-yard scoring drive, Wilmot marched right back for a 56 TD thrust based on the hard running of Jim Retchek, who finally scored from the two yard line.

Greg Bush ran for the extra point to tie the score at 7-7.

John Partenheimer intercepted an Elkhorn pass on the Wilmot five and ran it back to midfield.

On seven plays the inspired Wilmot backs slashed into paydirt again with Ratchek going over from the 15.

With the score tied in the third quarter, Elkhorn stopped Wilmot in the shadow of the goalposts and started to move down the field.

Soon afterward they mounted a 58 yard drive, scoring on a short pass.

Wilmot's failure to make a fourth down attempt on the Elkhorn 37 set the latter team on another drive.

(continued on page 12)

Lake Forest

Beats Blue

Devils 36-0

Shaping up with Grayslake's Rams as the team to beat in the Northwest Suburban grid race, Lake Forest easily defeated a Warren squad shot with injuries.

The final score was 36-0 in a game played on the Scouts' field last Saturday afternoon and gave Lake Forest its fourth conference win against no defeats.

Without their star quarterback, Corky White, who is out with an ear infection, the Blue Devils only managed 47 yards rushing and 13 yards through the air.

The Scouts failed to score only in the third period.

BULLDOG TACKLERS converge on fullback Don Pyle after he reels off a nine yard gain in first quarter of Saturday's grid contest. Dick Gudgeon (11) makes a belated effort to provide further blocking.

Salem Central's Victory
Streak Snapped 26-6

Salem Central's gridders, victorious in four of five starts prior to last week, were finally decisively beaten 26-6 by a strong, deep Nicolet squad on the winner's field.

The passing combination of Rick Weinhausen to Dave Drusenberry accounted for two of the Fox Point team's touchdowns.

Central was shut out until the final period when Jimmy Long broke through tackle for a 28-yard score.

The loss of both regular tackles, Dave Remus and Dave Erickson, during the game was an important factor in the one-sided contest.

In the final analysis though, the loss had to be blamed on the Falcons' insufficient manpower to cope with a team three deep at every position.

Salem was behind only 7-0 at the end of the first half, but Nicolet made two touchdowns during the

third period and capped their scoring with a 28-yard dash by Jim Modell in the final stanza.

Statistics show that Nicolet enjoyed a 14 to eight margin in first downs. They outtrushed the Falcons by 213 yards to 158.

Their principal avenue of offense, however, was the airways. Nicolet's Weinhausen completed six of fifteen passes for 160 yards while the Falcons made only 28 yards on three of six attempts.

Salem meets league leading Brookfield Friday at Brookfield.

Paul Smith Leads Grant to
Win in Antioch Homecoming

Grant's Paul Smith and his running mates found too many holes in a sluggish Sequoit line and defeated Antioch 26-12 in its homecoming game last Saturday afternoon.

A crowd estimated at over 1,000 persons filled the home bleachers and partially filled other seats.

There were several bright spots in the Sequoit performance, but an erratic defense and poor downfield blocking on the attack made the loss inevitable.

Dick Gudgeon teamed up with Don Pyles for the major Sequoit running attack, but Pyles seemed to have changed his style somewhat.

Coach Robert Walther said that his star fullback was "looking for holes rather than using his full power on running plays."

"But the inability to spring men loose downfield was the real problem," Walther added.

Smith scored two touchdowns and passed for the other two to dominate Grant's offense.

It was a tightly played game during the first three quarters of play. Desperation Tackle

In the first period, Smith broke away and was brought down only a yard from the goal line by a desperation tackle by Pyles.

Deane High scored from there to give the Bulldogs a 6 to 0 lead.

The Sequoits got that back on a 50-yard drive during the second period. Dick Gudgeon slammed over from the five.

A penalty nullified a possible Antioch lead during the last minutes before the intermission.

Again in the third period, the Sequoits started to move and again they were thwarted by their own mistakes—fumbling on the 22 yard line of the Bulldogs.

Grant Adds to Score

Smith scored from the two yard line shortly afterwards to give Grant a 13-6 edge which they never relinquished.

A long pass from Smith to Rasmussen accounted for the next Bulldog tally.

Another Smith pass, this time to Ken Mock, made the score 26 to 6. Antioch's final rebellion occurred

on Pyles' 39 yard punt return late in the game, but it was too late to pose a serious threat.

Pyles made 61 yards in 12 attempts and Dick Gudgeon moved 65 yards in nine carries.

Oddly, the Sequoits dominated the second half in terms of first downs, but failed to come up with the necessary scoring punch to combat Smith's lightning.

Rams Meet
Scouts Sat.

The Grayslake Rams meet the Lake Forest Scouts in what may prove to be the decisive clash in the Northwest Suburban title race Saturday at 2:30 p. m. on the Rams' gridiron.

Both teams have collected four league wins and both have 5-0 season records.

Third place Ela-Vernon is 3-2 for the season.

The Scouts boast a strong passing attack and razzle-dazzle running game, featuring reverses and draw plays.

Grayslake has probably the strongest defense in the league and powerful running slants off a wing T. Their passing has been described as only fair.

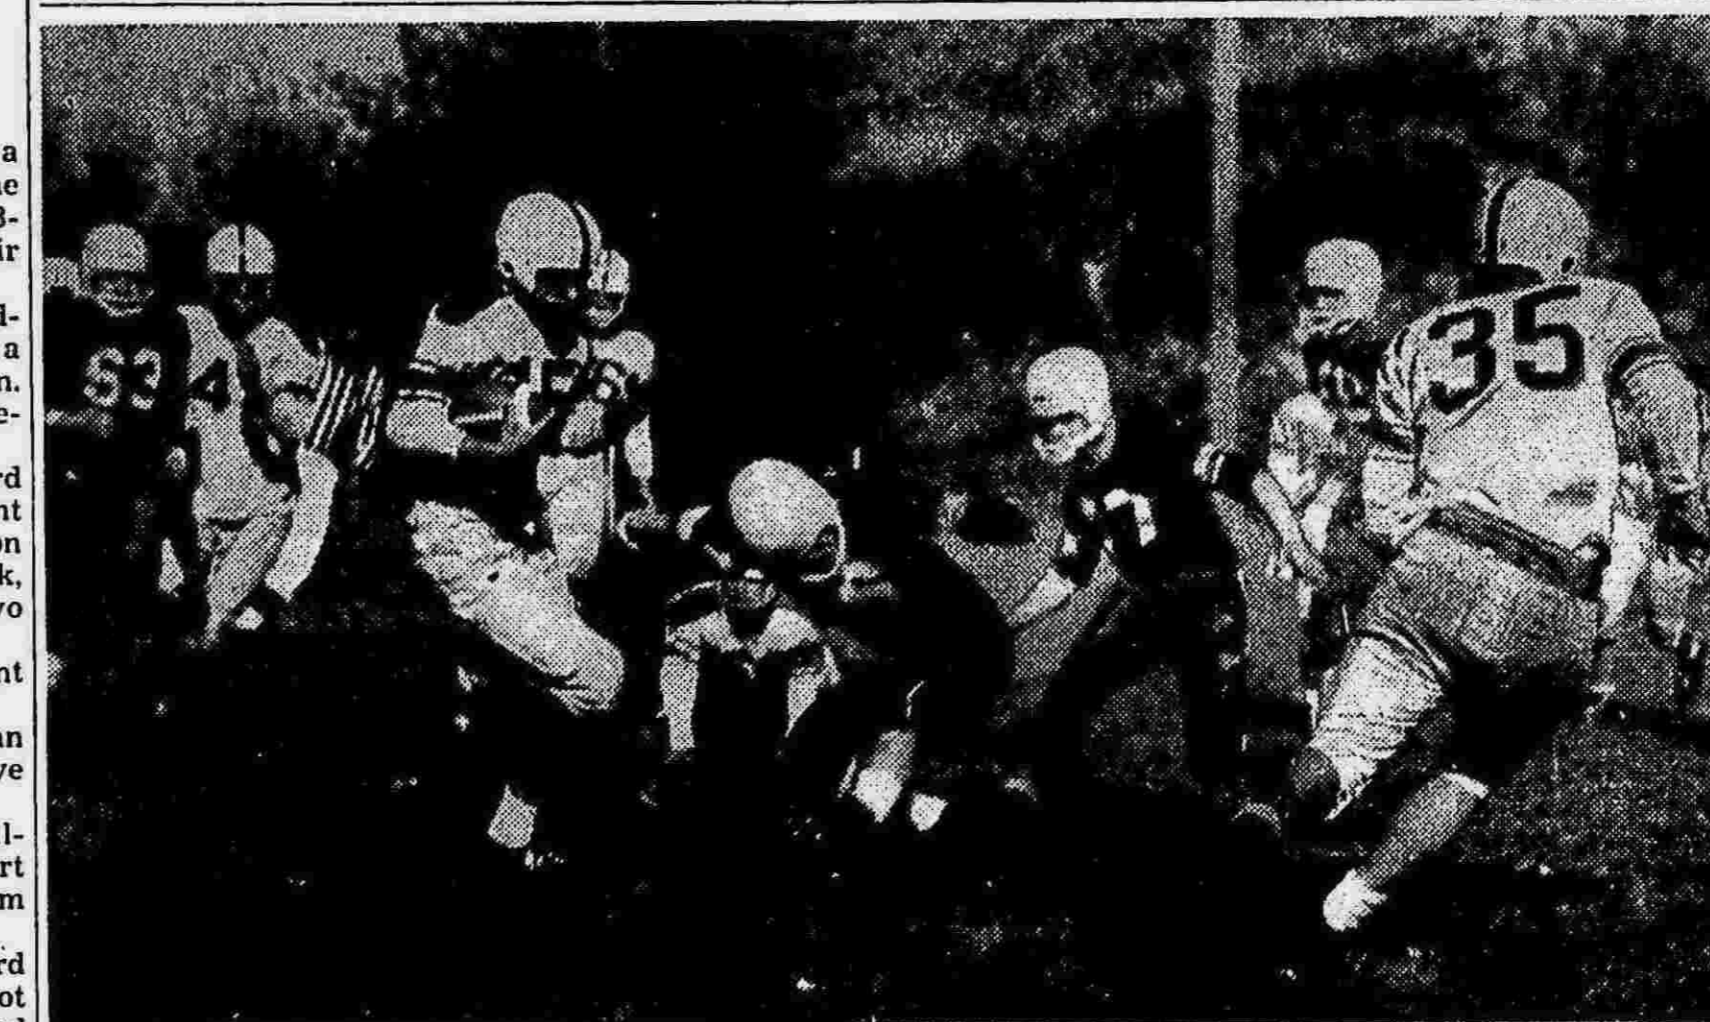

Rams Wallop
Bulldogs 25-0
For 4th Win

After a fruitless first period in which they netted only 13 yards rushing, the Grayslake Rams pushed across four touchdowns in shutting out Wauconda 25-0.

The game was played at Grayslake last Saturday before a large crowd who saw the home team preserve its fourth straight conference victory.

The Rams, defending league champions, enjoyed a 10 to three advantage in first downs. The Bulldogs made only 85 yards on the ground and were unable to complete a pass during the contest.

Due to the earlier publication schedule now in effect at the Antioch News, the deadline for sports news, including bowling league reports, is 5 p. m. Monday preceding the date of publication.

DICK WOLF, whose passing arm was a bright spot in last Saturday's losing effort against Grant, packs ball for short gain during first half. Don Pyle (35) leads the blocking for the quarterback.

Cooperation Sought in Solution Of Townships' Common Problems

An informal program of cooperative planning was outlined to representatives of Salem, Randall, and Wheatland Townships and the villages of Silver and Twin Lakes last Friday night.

William Caddock, Twin Lakes village president, has been a backer of the idea of coordination among local governments in the area.

One of the biggest problems affecting the whole area which was cited at the meeting is that of Bong Air Base.

The large increase in population created by Air Force personnel requires a change in traffic patterns and a generally more urban approach, according to some members of the discussion group.

About 20 representatives from the western part of the county were present for this first planning group. A second session has been scheduled for Nov. 7.

Bar Assn. Backs Bond Issue For Courthouse Plans

Assured that a new courthouse building would include new courtrooms, the Lake County Bar Assn. has voted unanimously to support the \$2,550,000 bond issue for a new courthouse building.

Citizens will vote on this bond issue Nov. 4.

The Bar Assn. also decided to ask individual solicitations to pay part of the cost for a pamphlet on the bond issue to be distributed to the public before the elections.

County Board chairman Emmett Moroney promised the new courtrooms during a specially called meeting of the Board of Governors in the Swedish Glee Club last week.

He said the \$29,000 remodeling job being done on the present courtrooms was simply a temporary measure.

During his speech, Moroney described the possibility of two story north and south wings centered by a six or seven floor structure.

The present tentative plan, he said, is for a building with about 100,000 square feet of floor space. The present courthouse has about 43,000 square feet of floor space.

Moroney said that the new building could be built at one time if the bond issue passes in November, but would have to be done piecemeal if the issue is voted down.

A new directory of U. S. chain-store organizations, covering chains with four or more stores, lists 4,657 systems with a total of 90,179 outlets.

FACT AND OPINION

John Stuart Mill, the great 19th century English philosopher and economist, wrote: "The worth of the state in the long run, is the worth of the individuals composing it; and . . . a state which dwarfs its men, in order that they may be more docile instruments in its hands even for beneficial purposes—will find that with small men no great things can be accomplished."

Since 1950 crime has increased four times as fast as our population, according to FBI Director J. Edgar Hoover. He is particularly disturbed about the group of juvenile crime. Since 1952, the population group under 18 years of age has increased 22 per cent, while arrests of persons under 18 have increased 55 per cent.

Information presented at the Second International Atoms for Peace Conference reveals this country leads the world in the number of nuclear power reactors constructed. Only 12 atomic reactors have been completed that are actually generating electricity for civilian use. The U. S. has produced eight, Britain three, and Russia one.

On September 5, the one billionth dollar in unemployment benefits was paid out under the Railroad Unemployment Ins. Act. In the 19 years of the program's operation, the number of railroad men and women drawing benefits in any one year has varied from a low of 5,000 in 1943-44 to a high of 506,000 in 1949-50.

Today, says the American Petroleum Institute, a gallon of gasoline moves a ton of automobile 18 miles further than in 1930—and a gallon of gas (excluding tax) is 18 per cent cheaper for the work it does than it was in 1930.

Ford brings Thunderbird elegance to the low-price field with

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

These Fords you've got to try! Far left is the new Thunderbird . . . center, the new Custom 300 Tudor Sedan . . . and above, the 2-passenger Country Sedan.

AWARDED THE GOLD MEDAL for beautiful proportions—by the Comité Français de l'Élégance at the Brussels World's Fair

Styled, powered and priced for today's driving! There never was a Ford like this before! Its classic new design was awarded the Gold Medal of the Comité Français de l'Élégance at the Brussels World's Fair! With new Thunderbird flavor in each lively line and tastefully new interiors, these 59 Fords are beautifully proportioned for elegant driving.

Power, performance and economy are served up in new proportions, too. All standard Ford engines—Six or Thunderbird V-8—thrive on regular gasoline at regular prices. You save up to 5 cents on each gallon! There's a new aluminum muffler that normally will last twice as long as conventional mufflers used on other cars . . . full-flow oil filtration that lets you

change oil at 4000 miles instead of the 1000 often recommended . . . new Tyrex cord tires for greater economy and safety . . . a brilliant new Diamond Lustre Baked Enamel Finish that's so durable you won't have to wax it ever . . . and two new economy power-transmission teams that will bring you savings automatically. That's why we say, for '59, Ford is truly a masterpiece of underpricing!

NEW economy team Number One! Get all the high performance of a completely new Fordomatic Drive teamed with a Six or Thunderbird V-8—at a price that puts automatic

driving within everyone's car budget. It's a simplified Fordomatic with nearly 1/4 fewer parts. NEW economy team Number Two! Take Ford's versatile new Cruise-O-Matic Drive, add the responsiveness of Thunderbird Special V-8 power and you have the last word in automatic driving plus the "built-in" overdrive savings of an economy-geared axle.

Altogether NEW in everything you can see, feel or touch!

County Board Says OK To Diamond Motel Plan

The George Diamond Steak House plans for a 200 room motel and recreational area received the go-ahead by the County Board of Supervisors last week when they approved a petition asking for rezoning of a 12 acre tract southwest of Rte. 59 and Grass Lake Road.

The zoning change is from R-4 (residential) to B-1 (business).

It is reportedly a multi-million dollar project that is planned.

The plans call for a theatre, a relocated 18 hole golf course, a swimming pool, a skating rink, gardens, and boating in addition to the motel units.

Other re-zoning petitions approved by the county board include the request from Camp St. Joseph to vary the B-1 classification on Petite Lake site in order that camp buildings may be built or repaired and for the installation of a septic tank system.

The petition of Franklin and Margaret Tuck to rezone from R-4 to B-1 one and three-fourths acres south of Grand avenue at Squaw Creek, Grant Township, so they may put up a sign for their restaurant, and bait and boat enterprise there and correct the sewer system was approved.

NIU Homecoming Set This Weekend

Northern Illinois University alumni, returning to their alma mater on Oct. 18, will find themselves in the midst of a growing Northern celebrating its second Homecoming "university style." An estimated crowd of more than 10,000 will crowd DeKalb throughout the day.

The schedule includes the alumni dance, the coronation ball, the Northern-Central Michigan football game and the annual Homecoming parade, made up of 28 decorated float and car entries. These events plus the alumni coffee hours and banquet, and the house and dormitory decorations will make "Commercially Speaking" the biggest celebration of the year. J. Warren Madden, graduate of 1908 class, and judge in the U. S. Court of Claims, will be guest speaker at the alumni banquet.

Name bands will play at both the Alumni dance and the Coronation ball. Friday, Oct. 17, Paul Meeker and orchestra will provide musical entertainment at the Coronation ball in Still Gym. The crowning of the 1958 Homecoming King and Queen by last year's royalty, Dave Taylor of Chicago and Marge Brazzelle of Cicero will be the highlight of the evening.

Saturday evening the visiting alumni, students and guests will dance to the music of the Tex Benke orchestra in the Sycamore armory.

The typical American nowadays sees a physician almost twice as often as did his counterpart 30 years ago, according to Health Information Foundation—almost 5 visits per person a year today compared with only 2.6 in the 1928-31 period.

Falls are the second most frequent source of accidental death in the United States, according to the National Safety Council. They cause nearly 21,000 deaths a year. No. 1 accidental killer: motor vehicle accidents.

Museum Exhibits Submarine History

A display of color illustrations of submarines that stand out in American naval history has been installed at the Museum of Science and Industry. It adjoins the area where the captured German submarine, U-505 is exhibited.

Prepared by the Electric Boat Division of the General Dynamics Corporation, the exhibit describes such memorable undersea craft as the U.S.S. Holland, the 64-foot-long, single-torpedo boat which in 1900 was the first submarine to be accepted by the Navy.

Among the other famous submarines featured in the display are: The Skip-Jack E-1, which in 1917 was the first U. S. sub ever to cross the Atlantic; the Flasher that sank a record 100,000 tons of enemy shipping in World War II; the U.S.S. K-1, first of the deadly "killer" class; and the Nautilus, the world's atom-powered sub.

CARON MAROTTA ENROLLS IN COLLEGE OF PHARMACY

Caron R. Marotta, daughter of Mr. and Mrs. Rocco Marotta, Rte. 4, Lake Marie, Antioch, has enrolled as a freshman in the College of Pharmacy at the Chicago Professional Colleges of the University of Illinois.

Her studies will lead toward a B. S. degree in Pharmacy. Miss Marotta is a 1958 graduate of Antioch Township High School.

The Colleges of Dentistry, Medicine and Pharmacy, the School of Nursing and a 620-bed general hospital form the nucleus of the Chicago Professional Colleges located two miles west of downtown Chicago in the 305-acre Medical Center District.

A SOUND PITCH FOR OIL PITCH

Supersounds so high they can't be heard by the human ear are being pitched at the Athabasca tar sands in an attempt to jar out their store of crude oil. The equipment, on designing boards now, will probably look like a huge radio set with detachable speakers buried in the sand. It's claimed that supersonic waves shot out from the speakers cause gas bubbles to build up around each grain of sand. The bubbles then burst with a terrific pressure several times the force of gravity, separating the oil from the sand in seconds. Benefits from ingenious oil-company research like this will be passed on to consumers in the form of more and cheaper oil products.

State Chamber Meet May Draw 2,500

Advance reservations indicate that attendance at the 40th annual meeting of the Illinois State Chamber of Commerce on Oct. 15-16 will top the 2,500 mark. The meeting will be held at the Conrad Hilton in Chicago.

Here's how the program shapes up, according to Chamber President David L. Harrington. Giving major addresses during the two days will be Postmaster General Arthur E. Summerfield, Winthrop Rockefeller, Lemuel R. Boulware, vice president of General Electric Company, and five U. S. senators.

Two other clinic sessions are on the schedule. On Thursday morning will be devoted to analyses of pressing state governmental problems by six well-informed speakers. At the final clinic Thursday afternoon, eight top-flight businessmen, representing key industries, will give forecasts of business conditions for 1959.

Accidents are the leading cause of death to persons 1-36 years of age, according to the National Safety Council.

LEADING DIFFERENCE

"A good leader inspires other men with confidence in him; a great leader inspires them with confidence in themselves."—The Reddick Courier.

THAT EXPLAINS IT

"The reason Ike was so determined to reorganize the Defense Department is this: in case of another war, he wants the Army, Navy, and Air Force on the same side."—The Calhoun Herald.

C. Moran, has an average of 191; Ed. Carney, 182; D. Jones, 179; J. Angeloff, 178; T. Ozga, 176; B. Kraft, 176; R. Rudolph, 173.

Wilmot Loses.....

(Continued from Page 9)

Piersall smashed through from the one.

Held scored on another Wilmot drive to awaken flickering hopes, but Elkhorn's John Riese put the clincher on with a 54-yard TD jaunt.

The loss leaves Wilmot in the cellar with no wins and three league losses. To add to its woes, Wilmot lost the services of Bob Horton, who dislocated a shoulder for the season. This leaves Coach Frank Buccini with only four dependable backfield men.

Social Security Checks To Go Up in February

Persons now drawing social security benefits will receive an increased payment in the check received early in February, says Bernard Barnett, district manager of the Waukegan social security office. The increased payments will be made automatically and those drawing social security checks need not contact their social security office.

The minimum benefit beginning in 1959 will be \$33, and a person now drawing the maximum of \$108.50 will receive \$116 per month. The maximum monthly payments to any one family formerly limited to \$200, may now be as much as \$254.

It is not necessary to contact the social security office about your increased payment. The increase will be made automatically.

Crossing the Line

There's a line in the ocean which by crossing you lose a day. Then there's the one on the highway which by crossing you can lose your life!

If a body meet a body
Driving say at 75
Odds are great against the chances
Either one will stay alive.

—Skipper

Record Crowd Sees Ela-Vernon Beat Round Lake in Homecoming

Ela-Vernon won a tough 6 to 0 decision from Round Lake before a record homecoming crowd last Saturday at Lake Zurich.

A 40-yard pass play from Johnny Hunsaker to Bill North provided the winning marker in the third period.

Two other Bear scores were nullified by penalties and the home team lost another almost certain TD when time ran out in the first half.

Ela-Vernon needs to win every game to keep its title hopes alive.

The large crowd was attributed to this factor, the homecoming celebrations, and to the half-time ceremonies honoring Lt. James E. Obenau, recent winner of the Distinguished Flying Cross.

Vice Admiral Francis P. Old

Cancer Crusade Names Admiral State Chairman

Vice Admiral Francis P. Old, U. S. Navy retired, Chicago, has been appointed 1959 Illinois Cancer Crusade chairman. Charles Wilcox, chairman of the Lake County chapter, has reported. Admiral Old is a resident of Lake Forest.

Admiral Old has served in previous cancer crusades, acting as Crusade chairman in 1958, chairman of the engineering and construction section in 1957, and chairman of the government agencies division in 1955.

In his post as Illinois cancer crusade chairman, the admiral will direct the activities of approximately 100,000 volunteers in every county of the state. The month for the crusade is April, 1959.

Writing in Ladies' Home Journal, Dorothy Thompson says: "In dealing with the school shortage, I wonder whether we clearly ask ourselves what a school is. Communities are being taxed to support properties that often are out of all proportion to their needs—or the income of their people. And the financial burden is enhanced by the demands upon the school that have little or nothing to do with essential education."

3 Want New Guinea—Stone Age Stronghold

WASHINGTON—New Guinea is one of the last strongholds of the Stone Age. With its wild jungles, rugged mountains, and malarial swamps, it is land that seems hostile to man.

Yet two nations, the Netherlands and Australia, hold firmly to their respective western and eastern halves of the island. Netherlands' control of the west dates from the early days of the Dutch East India Company. Australia administers North-East New Guinea and Papua under the International Trusteeship System.

A third country, young Indonesia, has recently stepped up an eight year campaign to acquire Netherlands New Guinea, which it calls West Irian and claims as part of the former, Netherlands East Indies.

World's largest island after Greenland, New Guinea stretches 1,500 miles from head to tail, resembling a prehistoric reptile floating north of the Australian continent.

Vision Specialists Are Needed For The Future

NEW YORK—One vocation which offers an open door to new recruits is that of vision specialist. Those who begin practicing very soon are apt to find their best opportunities in small towns, as their is still considerable competition in the major cities.

But the number of students preparing for this career has declined so much that within several years the supply of new practitioners is expected to be less than that needed merely to replace specialists who retire or die.

Wrong Hobby

COVINGTON, Ky.—There are some things you can't do on your day off, believes City Commissioner Ray Wherman, who says he found two city workmen and three pieces of waterworks equipment at work on a private swimming pool.

The two men were charged with misconduct and insubordination, even after one of them stated, "we thought it was all right if we did it on our days off."

What's "Normal" Growth For Children?

Worried because one child in your neighborhood has grown faster than your son or daughter? Then take heed of what the editors of Changing Times, the Kiplinger Magazine says in their September issue about the normal pattern of growing.

Birth to 1 year—A period of rapid growth in length and weight. Birth weight trebles by the first birthday.

1 to 3—Physical growth slows down some, appetites tend to lag. Boys attain half their mature height at 2.2 years; girls at 1.7 years.

3 to 5 or 6—Growth becomes slower than at any time between infancy and puberty. Appetites are dull.

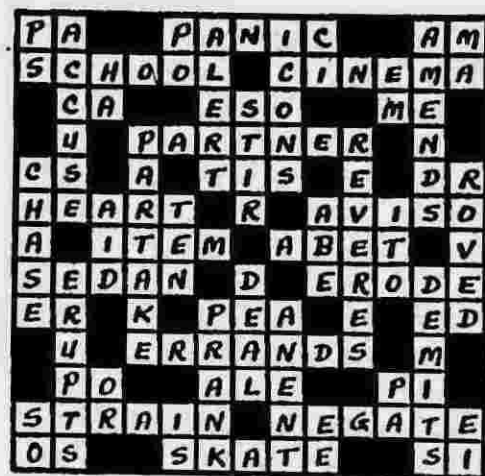

5 or 6 to 10 or 11—A period of slow, steady physical gains with a tendency toward underweight. Girls' rate of growth may pick up at 9; boys at 11. Boys reach 75 per cent of mature height at 8.9 years; girls at 7.2 years.

10 or 11 to 16—A time of very rapid growth. Appetites may be voracious or picky. Boys' rate of growth in height reaches a peak at 14 or 15; girls' at 12 or 13. Peaks in weight gains come six months later. Boys have 90 per cent of their height at 13.7 years, girls at 11.4 years.

16 to early 20's—Growth in height ends between 16 and 20 or 21. Growth in weight should end in early twenties.

Oilmen Put Atom On Peace-Work

Atoms for peace find their biggest application in the American oil industry. Out of 31 company-owned radiation research centers, seven are owned by oil businesses. A total of 74 oil, petrochemical, and allied companies use radioactive isotopes as an every-day part of their commercial processes. In the oil industry, said to be the most diversified user of radio-isotopes, they are used for gauging thickness, as well as for wear studies, leak detection, and research to improve refinery processes. Petroleum industry pioneering such as this, making use of every modern method available, is the consumer's guarantee of superior oil products for today and for tomorrow.

Puzzle on page 11

New Collection Of Moundbuilder Relics From Oklahoma

WASHINGTON—An outstanding collection of prehistoric moundbuilder textiles, engraved conch shells, whipped stone, and other materials originating in the Great Mound near Spiro, Oklahoma, has been acquired by the Smithsonian Institution from Harry M. Trowbridge of Kansas City, Kansas.

The Spiro Mound yielded one of the richest deposits of native ceremonial material ever uncovered in the United States. From its central burial chamber, in addition to several skeletons, were taken many copper axes, copper-covered human head masks and blade-like objects of wood, stone T-shaped and effigy pipes, maces, boat-stones, sheet copper plaques and ornaments, engraved conch shells, textiles, wickerwork and coiled basketry, cane matting, stone and pottery vessels, and great quantities of shell and pearl beads. Most of this material was removed from the mound between 1933 and 1935 as a commercial venture devoid of any scientific concern, and became widely distributed among collectors and dealers. Investigation of the mound was subsequently completed by the University of Oklahoma.

The Spiro Mound has been variously dated by radiocarbon methods, but is generally believed to have been built during the 13th or 14th centuries of the Christian Era. It belongs to the Mississippi Period of the Southeast, which is the last major archeological period preceding the arrival of Europeans. No traces of European contact were found in the mound. There are many resemblances between its contents and those of the Etowah Mound site in Georgia.

Under-Ice Skipper Must Know Plenty

SANTA BARBARA, Calif.—The navigator aboard tomorrow's undersea craft operating beneath the polar ice pack will probably have to be a physicist, chemist, oceanographer, geologist, and perhaps a biologist.

This prediction was made by Adm. Charles W. Thomas, administrator and coordinator of the Arctic operations of the U. S. IGY program.

Among the unconventional methods of positioning a sub will be measuring the strength of the earth's gravity, which varies from place to place; measuring the heat given off through the 30-mile thickness of the earth's crust for use with a heat-flow map of the Arctic; scoop marine animals from the ocean bottom and by coded biological information on the charts fix the position through identification of the animals.

The two successful cruises of the Nautilus beneath the Arctic pack aroused interest in the prospect for commercial submarine transportation under ice.

First '59 Cars Don't Stir Area, But More Coming

(By Noel Duerden)

It's a new year all right, the new cars are out—but they haven't caused too much of a stir in the lakes area.

First crowds to view the 1959 automobiles in this area have been "pretty good" but all auto dealers voice optimism for a fast recovery from the sales slump their industry felt last year.

Only a few new models have been shown in this area so far but a host of new car makers have set the next two weeks for showings. First out was Buick and Oldsmobile last week with Rambler Wednesday and Pontiac last Thursday.

The only dealer in this area who has had time to appraise the crowds is Roger Drije, owner of Drije Chevrolet in Antioch. He showed the Oldsmobile last week. "The first crowds are lookers," he said, but he added that it is about two weeks before most lookers become serious about buying. He will unveil his completely re-designed Chevrolet today.

First day crowds last week to see last year's sales success—the Rambler—were few at Village Rambler in Antioch. Don Pittman, co-owner of the agency, said that perhaps the mist and rain on Wednesday had a lot to do with holding car viewers away. His agency experienced a double show last week with the debut of the Pontiac on Thursday. "We'll have a full line of both cars," he said.

Best voice of optimism in this area seems to be Joseph Duley, owner of Ingleside Motors in Ingleside. He will show a completely re-designed Dodge Friday and new Plymouth today.

"We're going out after it this year," he said, speaking of his company's efforts to sell new cars to the public. He says he is amazed at the re-designing done on the Dodge.

Also very optimistic is Bill Hucker of Hucker's Garage, Chrysler-Plymouth dealer in Lake Villa. "We're on our way up," he says of the entire automotive industry after its disappointing 1958 model year. He said he believes Plymouth especially will have a lot of appeal in this area this year.

FOUR NAMES FOR NIU

Rapid name changes usually are the private domain of movie queens. However, Northern Illinois University at DeKalb hasn't done bad with four name changes in 59 years.

NIU started in September, 1899, as Northern Illinois State Normal School with a two-year curriculum. In 1921, expansion to a four-year program resulted in a change to Northern Illinois State Teachers College.

The academic program spread to areas other than education and the institution became Northern Illinois State College in July, 1955. The most recent change took place in July, 1957, when university status was gained.

Persons in low-income groups now see a physician almost as often as those in high-income groups, says Health Information Foundation. Thirty years ago, by contrast, high-income families averaged about half again as many visits to doctors as did those with the lowest incomes.

The average person today sees his doctor about five times a year, Health Information Foundation reports. In the aggregate, Americans use between 800 and 850 million physician visits a year.

Rules of the Road

YOUR MOTOR VEHICLE

The driver of an automobile or truck is no better than the mechanical condition of his vehicle. Cars or trucks in bad mechanical condition are a menace to every person, pedestrian or driver using the highways.

Illinois law demands—for the sake of safety—that your vehicle have certain equipment. The law also lists other equipment you may have on your vehicle and equipment you must not have.

Required Equipment

Two headlights, throwing a white light or a yellow or amber tinted light with the beam visible for 500 feet, and at least one red tail light visible for 500 feet to the rear. Your headlights and taillight must be lighted during the period from sunset to sunrise, if you are driving on the highway or street.

A horn that is audible under normal conditions for at least 200 feet. When a car or truck is so constructed or loaded as to obstruct the driver's vision to the rear it must be equipped with a rear-vision mirror located in such a fashion as to afford the driver visibility at least 200 feet to the rear.

The windshield must be unobstructed and equipped with a windshield wiper.

Illinois law demands that your vehicle be equipped with safety glass.

Your motor vehicle must have two separate means of applying braking power, that is, a foot brake and a hand brake. Each device shall be constructed so that it will apply braking power to at least two wheels. The foot brake must be capable of stopping the car within 30 feet when traveling at 20 miles per hour. The hand brake must be capable of holding the vehicle on a grade.

Every motor vehicle must be equipped with a muffler in good working order and constantly in operation to prevent excessive or unusual noise and annoying smoke.

Illinois law demands that owners of vehicles registered in this state must display current valid registration plates (license plates) one in

the front of the vehicle and one on the rear. The license plate at the rear of the vehicle must be firmly attached and during the hours of darkness it must be lighted so as to be legible from a distance of 30 feet.

After July 1, 1954, Illinois law requires that every new motor vehicle sold in the state must be equipped with a signal device for indicating the intention of the driver to turn to the right or left.

Illinois law specifically states: "It is unlawful for any person to drive or move or for the owner to cause or knowingly permit to be driven or moved on any highway any vehicle... which is in such unsafe condition as to endanger any person or property, or which does not contain those parts or is not at all times equipped with such lamps and other equipment in proper condition and adjustment as required in this article, or which is equipped in any manner in violation of this article..." (Article XV, Section 102a, Uniform Act Regulating Traffic on Highways.)

Equipment You May Have

You may have one spotlight on your car, provided it is aimed in such a fashion that it does not interfere with the vision of an approaching driver and the beam does not extend more than 100 feet ahead.

You may have not more than two fender or cowl lamps which emit a white or amber light without glare.

You may have not more than one running board courtesy lamp on each side of the vehicle.

You may have one back-up light, but it shall not be lighted when the vehicle is moving forward.

Equipment You Must Not Have
You must not have any red light visible from the front of your vehicle.

You must not have a bell, siren, or whistle of any type on your vehicle.

You must not have a muffler cut-out or similar device on your vehicle.

Flashing lights, except those used to indicate a right or left turn or stop, are prohibited by law.

Henry Hazlitt writes, in Newsweek: "Instead of adding further to our foreign-aid and intergovernmental lending institutions, which subsidize foreign socialism, inflation, and exchange control, we should be thinking of how to taper off and terminate such programs; how to

stop confusing political and economic goals, and how to return the business of foreign investment to private hands. Not until we have done this will the world get back to stable, hard, and convertible currencies, to private enterprise, and to real economic progress."

TV Antenna Box Score

Last week's windstorm was very rough with TV antennas, but just as a matter of record, here's a comparative box score of how many antennas came down, a comparison of our work and work of others:

Now ... all America sees the one that's truly new!

Like all '59 Chevrolets, the Impala Sport Sedan has Safety Plate Glass all around.

what America wants, America gets in a Chevy!

'59 CHEVROLET

It's shaped to the new American taste with a lean, clean silhouette, crisp new contours, beautifully restrained accents. It brings you more spaciousness and comfort with a new Body by Fisher. It has a bright new sheen—a new kind of finish that keeps its luster without waxing for up to three years. New bigger brakes. Vast new areas of visibility. New Hi-Thrift 6. New handling ease and road steadiness. It's new right down to the tires!

Never before has an automobile manufacturer made such sweeping changes two years in a row. And never before has any car been new like this one.

The 1959 Chevrolet is more than a restyled car—more, even, than a completely new car. It's your kind of car. Shaped to reward your new taste in style with a fresh Slimline design that brings entirely new poise and proportion to automobile styling. Inside the new and room-

ier Body by Fisher you'll find truly tasteful elegance. And you'll have clear seeing from every seat. The new Vista-Panoramic windshield curves overhead—and there are new bigger windows, too.

When you take the wheel, you find Chevy's newness goes down deep. A new steering ratio makes handling easier. New suspension engineering gives you a more stable ride. There's a sweet new edition of Turboglide*. A new Hi-Thrift 6 that

goes and goes on a gallon. Vim-packed V8's. New and bigger brakes. Even tougher, safer Tyrex cord tires.

There's still more! A new finish that keeps its shine without waxing or polishing for up to three years. New Impala models. New wagons—including one with a rear-facing rear seat. And, with all that's new, you'll find those fine Chevrolet virtues of economy and practicality. Stop in now and see the '59 Chevrolet.

Farm Class at Central Holds First Meeting

The young farmer class conducted annually at Central High School will hold its first meeting in the agriculture room at the high school on Oct. 13 at 8 p. m. All young farmers of the area are invited to attend.

The subject for the first half of the courses will be "Growing, Handling and Feeding Forage Crops." The balance of the course will be used in shopwork on Farm Machinery Repair. Vaughn Sorenson, instructor in agriculture at Central High School, will be in charge.

Report Kenosha County Fair Breaks Records

The Kenosha County Fair broke all attendance records, according to a report issued by the Fair Association directors at a meeting in the Union Free High School this week.

The four day mark of 36,903 exceeds 1957's previous record by 500 persons.

The directors reported total fair revenue at \$81,809.11. This year's Kenosha County fair, held on Aug. 7 to 10, was the 38th year of operation.

The executive committee recommended a series of permanent additions and improvements for the 1959 fair at last week's meeting.

Today's MEDITATION from The World's Most Widely Used Devotional Guide

The Upper Room
© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read I John 4:6-11

I lay down my life for the sheep. (John 10:15.)

If you were in a very difficult situation, imagine knowing that you were completely unable to help yourself. If in that situation you happened to hear about somebody who would be willing and able to help you

—by forsaking all his riches and comfort.
—by undertaking a long journey to be at your side,
—by offering the days of all his life to be with you,
—by causing himself toils and sufferings,
—by bringing himself finally to death for your sake, as if you were the only one on earth worth caring for—would you not realize that this person felt an unusual interest in you, and would you yourself not begin to take an interest in him?

This has already happened! That is what Jesus Christ has done for you and for me. He did not spare Himself to come to our salvation. He deals with a person as if that person were the only one in all the world to care for. Christ loves us. Is He not worth loving?

PRAYER: O God, we can never measure what Thou in Jesus Christ has done for us and what Thou art still willing to do. We open our hearts to Thee to receive Thy love and be saved and transformed by it. In our Redeemer's name we pray. Amen.

THOUGHT FOR THE DAY—Christ has done more for me than I can understand.

—Arne Widegard (Sweden)
World-wide Bible reading—Jeremiah 33:1-16.

ECONOMY TV TOPICS

(By Harold "Pete" Peterson)

BLACK JAGGED VILLIAN

Did you know that a defective light bulb somewhere in your home can act as a TV transmitter causing a black-jagged bar to wave over your TV screen?

If you get the trouble, check each light bulb by turning the lights off as the trouble is going on. You won't always have it on every station but perhaps on 2 or 4. You'll know when you find the bad bulb when the nuisance stops. Then, simply replace the bulb with a good one.

For more complicated TV servicing, phone Antioch 1454. The ECONOMY TV, 1½ miles west of Antioch on 173 would like to be of service to you. Ask your neighbor about us.

OIL INDUSTRY representatives meet with Mayor Murrill Cunningham as he signs proclamation declaring the week of Oct. 12 to 18 "Oil Progress Week" in Antioch. They are from left to right: (front row) W. V. Lahti, the mayor, Russell Kendall, (back row) Dudley Kennedy, Art Fortmann, Ron Gao. These gentlemen are employees of oil companies with plants in this area.

Lake Villa

Mrs. Fred Bartlett, Correspondent
Phone Elliot 6-4454

Mr. and Mrs. Matthew Johannes attended the Chicago Bears football game in Chicago Sunday.

Mrs. Mabel Baker of White, Wis., spent a few days at the home of Mr. and Mrs. Clarence Blumenschein.

Mr. and Mrs. Lloyd Duffy of Dixon, Illinois and Mrs. Duffy's mother of Waukegan visited the homes of Mr. and Mrs. Clarence Blumenschein, Mr. and Mrs. Fred Bartlett, Sr., Mr. and Mrs. Elmer Sheehan and Mr. and Mrs. Chris Andersen on Friday.

Mrs. Gladys Schroeder of Petite Lake entertained the officers of the Royal Neighbors at her home Wednesday, the following were present: Helen Fish, Bertha Fish, Marie Hamlin, Georgia Avery, Edna Botts, Mrs. George Malecka, Mrs. Nero, Matilda Bartlett and Mrs. Reimer, all of Lake Villa, Gerri Polson of Antioch. Co-hostess was Erna Toft, also of Lake Villa.

Mrs. Fred Bartlett, Sr., visited her sister, Mrs. Norman Nelson of North Chicago Thursday.

Mrs. Fred Bartlett, Jr., was ill at her home over the week-end. Linda Ladewig, Norma Blumenschein and Patricia Dibble took part in the entertainment at the U.S.O. in Waukegan Saturday night.

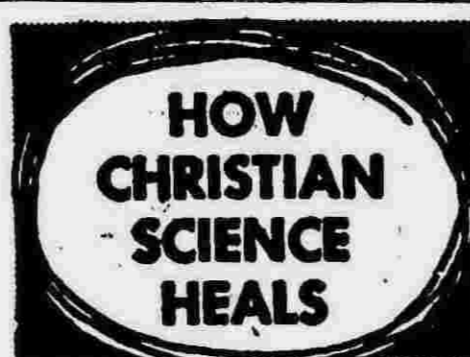

Mr. and Mrs. Clarence Blumenschein were visitors at the Roscoe Baker home in Rockford Saturday.

They drove Mrs. Baker's mother there to spend a few days with her son and family.

Nancy Hollis of Waukegan spent this week end at the home of Mr. and Mrs. Ralph Abner.

Mr. and Mrs. John Effinger are enjoying a vacation, visiting places of interest in Minnesota.

Mrs. Stanley Hollis of Waukegan was a Lake Villa visitor Wednesday. Mr. and Mrs. Jacob Fish entertained the following at their home for a friendly get-together Saturday: Mr. and Mrs. Clarence Blumenschein, Mr. and Mrs. William Fish.

OIL LEAKS

Losing a drop of oil every 200 feet means a quart every 500 miles. A good way to find out if this is happening to your 'oil burner' is to spread newspapers under your car when parking it for the night. The pattern on the newspaper in the morning should give you the answer about leaks and where they came from.

Another answer you will know about 'what is good car servicing?' is when you drive over to JOE & DON'S TEXACO STATION at 970 Main St. Professional car services at no more than the regular filling station cost.

The VFW Memorial Post of Lake Villa will sponsor a Halloween dance Saturday, Oct. 25 at the VFW home. It will start at 8 p. m. Music by the Nel Spooner orchestra.

Allen Ruby of DeKalb and Anna Longbaugh of Grayslake were visitors at the home of Mr. and Mrs. William Fish.

Mr. and Mrs. Jake Wallace and Mr. and Mrs. William Fish were visitors Sunday at the home of Mr. and Mrs. Walter Stang, Jr., of Grayslake.

Now you can

save at least 20%

and combine

all your essential
home insurance in a
single, simplified policy

Brand-new idea in insurance! The new Homeowners Policy protects you against loss caused by fire, theft, lightning, wind, explosion, hail, riot, vehicle and aircraft damage, vandalism and smoke.

It covers your house and other structures on grounds . . . your household goods and personal property . . . your personal liability . . . and your additional living expenses caused by any of the above perils.

Think of it! All your essential home insurance in a single, convenient, money-saving policy. And you get all this protection for a single, low premium — which is at least 20% lower, in fact, than what you'd have to pay if you bought separate policies.

Why wait? Stop buying your insurance piecemeal. Stop paying that extra 20%! Stop cluttering up your desk with a separate policy for almost every coverage. Simplify your insurance — know what you have — get superior coverage at the least cost. And you don't have to wait until your present insurance expires.

Falls in the Home Take 14,000 Lives Annually

The pattern is usually pretty much the same: The time—July or December. The place—the home. Or more specifically, the bedroom. The victim—someone 65 years of age or older. Yes, that's usually the story of home deaths from falls, which take about 14,000 lives annually and rank second only to traffic as an accidental killer.

National Safety Council statistics show that about 3 out of 4 persons killed in falls are 65 or older, and that more than 3 out of 4 falls occur in the home. More falls occur in July and December than any other time of the year.

Of the fatal falls occurring inside the house, more than half happen in the bedroom. Next most dangerous spots? The living-dining room, kitchen, stairs and bathroom, in that order.

Why is the bedroom such a deadly trap?

For many reasons, the Council says. One of the most important, of course, is the time spent there by young children and older people, some of them infirm or ill. Also, bedrooms are most often used during dark hours, and lighting isn't always what it should be.

Another reason people fall so often in bedrooms is because of the throw rug—a lethal weapon if unanchored.

"The ideal spot for a throw rug is right beside the bed—if you want an accident," the Council says.

How to remove the hazard? "Sew fruit jar rings on the underside of the rug, or use tape you can buy for the purpose."

A handy bed lamp will help cut down on the night-time toll from falls, too, the Council advises.

Other tips:

1. Light stairs and steps. Keep them uncluttered.
2. Fasten window screens securely. Use guards on windows with low ledges.
3. Use a nonslip rubber mat on the bottom of your bathtub or shower. Tubs or showers are slippery—and hard! Also, provide a vertical grab bar on the wall.
4. Keep ladders repaired. Place them and use them properly. Avoid reaching and makeshift substitutes. Sit in chairs—don't climb on them, the Council says.

MOOSE TOPICS

On Saturday, Oct. 25 there will be a Hallowe'en masquerade dance from 9 p. m. to 2 a. m. at the Moose Home.

On Sunday, Oct. 26, there will be a children's Hallowe'en party at 2 p. m.

Clarence Jarvis, governor of the Antioch Moose Lodge 525, and several Moose Brothers represented the local lodge at the Moose convention at St. Louis on October 2, 3, and 4.

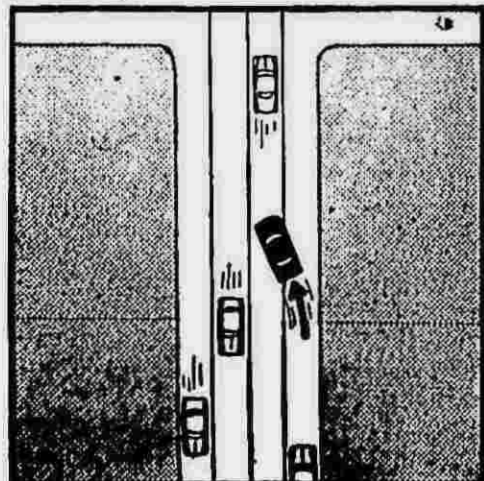

Tips on Traffic Safety

By CHARLES F. CARPENTIER
Secretary of State

Perhaps this would be a good time to remind motorists of the proper procedures to be followed when making a left turn.

As you approach the intersection where the turn is to be made on a two-lane road, move to the extreme left of the lane to make the turn. A signal to turn must be given at least 100 feet before turning. (b) Uniform Act Regulating Traffic) either with the hand signal with the left hand and arm extended horizontally well out of the window with the index finger pointed in the direction to be taken, or by using a mechanical signal.

When making a left turn from a four-lane road, the turn must be made from the left lane. Thus,

If you are traveling in the right lane, plan to transfer to left lane in advance of turning.

Always remember that any pedestrian or vehicle in or about to enter the intersection has the right-of-way over the vehicle making the left turn.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

Pick Your Candidate

"It's getting close to voting time, George," Molly said. "Have you decided who you're going to vote for?"

"Yep, I sure have," the Mr. replied, "and I find most of the folks I've talked with agree with me. We need some men in Washington who don't think they have to take all our money in taxes so the government can turn around and spend it looking after us from the cradle to the grave."

Molly smiled. "Our government servants don't seem to give us much credit for being able to look after ourselves, do they?" she said.

"No, and I blame a lot of it on the labor unions," George said. "They put up the money and get out the vote to elect a lot of politicians who think the only thing Americans want is guaranteed lifetime security at government expense. And they never stop to think that government expense is just another way of saying 'tax money out of your pocket.'"

"I'm in favor of spending as much as necessary to defend America," the Mr. continued, "but the man I vote for is also going to be in favor of defending us individual Americans against the growing expenses and controls of our own government."

Fiddling With Figures

"I've always heard the Devil could quote Scripture to his own ends," George commented, "but what a man who is handy with figures can do with statistics would turn the Devil green with envy."

The Mr. sank into his easy chair, and his wife waited for him to explain.

"Here's what one of those figurin' fellows has figured out now," George said.

"There are 160-million people in the United States, but 62 million are over 62 years of age. That leaves 98 million to do the work. People under 21 total 54 million, which leaves 44 million to do the work."

"Then there are 21 million who are employed by the government, and that leaves 23 million to do the work. Deduct 12,800,000 housewives and that leaves 200,000 to do the work. There are 126,000 in hospitals, insane asylums and the like, and that leaves 74,000 people."

"But 62,000 of these are derelicts or others who will not work, so that

Everyone is Selling '59 Buicks Except Our Fox Lake Dealer

It's a sad life at Ted Emerson Buick in Fox Lake.

Owner Ted Emerson came into this area this fall set to sell people in the lakes area on what was advertised as "The Car"—the 1959 Buick.

But for a variety of reasons, he failed to receive shipment of even one of "The Cars" to open his new agency. Now he reads of the tremendous sales success of the new Buick and is still trying to bring a complete selection of Buicks to this area. Buick dealers across the land reported at least 30,000 new units sold in the first week of the showing.

Not only did he not get an inventory of cars to show on Oct. 3, a labor strike hit General Motors and that puts further damper on hopes to obtain cars soon, a spokesman for the company said. In the meantime, lakes area car buyers and lookers will have to just wait it out before they can see the Buick.

A bad case of speeding, The Coroner found, 'Cause he went straight Where the road went round.

—Ervin M. Burke

Remember now thy Creator in the days of thy youth, while the evil days come not, nor the years draw nigh.... (Ecclesiastes 12, 1.)

We may send our children to Sunday School, and that is right and good. But can we expect them to understand the love of God, the power of His good, unless they experience the glory of righteous living exemplified in their parents, their homes?

leaves 12,000 to do the work. It may interest you to know that there are 11,998 people in jail, so that leaves just two people to do all the work. And that is you and me, Molly, and I'm getting tired of doing everything myself."

"Well, George," Molly smiled, "you don't seem to be doing anything right now—so come on and help me do the supper dishes."

Grad Studies at NIV up 50%

Although the graduate school at Northern Illinois University in DeKalb is less than seven years old, it has kept pace with the general growth of the university. This year, the graduate school boasts a 50 per cent increase in enrollment over last year. In 1957, there were 467 graduate students and this year there are 707.

A Big Round of Applause

For Our OILMEN and WOMEN

Maybe we shouldn't be so bold as to ask for applause, but on this occasion we are so full of pride in our industry that we'd like to cite just a few of our accomplishments.

Through constant research today your car drives better because of better gasolines, your home is heated more efficiently and faster,

and oil helped the first rocket toward the moon.

In Antioch, the oilmen you know—your gas station attendant, the fuel oil man and the bulk plant operator—pause just long enough to ask you to look again at our industry. Then it's back to work for us, serving you.

Published in the interest of all Antioch Oil People by W. V. Lahti Oil Co.
